*A music journalist and fan examines the life and work of the
Scottish guitarist, vocalist, and songwriter. The book that
fans of the Skids, Big Country and the Raphaels have been
waiting for—a critical perspective not only of Adamson's
music and its wider cultural influence, but also the
excesses of fame and how the music business really works.
Stuart Adamson: In A Big Country tells the story of how a
teenager who was raised in a small Fife village released his
first single at 19, wrote three Top 40 albums in the next
three years and was written off as a has-been at 23, but
then went on to form a new band and sell more than 10
million records worldwide, touring with the Rolling Stones
and David Bowie. Although Adamson was one of the most
respected and popular figures in the music industry, his*

personal life was complex and ultimately tragic, ending with his alcohol-fueled suicide in a Hawaiian hotel in December, 2001. "He was a massive, massive influence on me . . . Absolute genius." –James Dean Bradfield, *Manic Street Preachers* "An overdue tribute to a visionary musician and honorable man." –Keith Cameron, *Mojo* "Engaging journey through the peaks and troughs of an ultimately troubled life . . . Moving and well-judged." –Rob Hughes, *The Word* The bestselling *Seven* (the Series) continues with *The Seven Sequels!* All seven authors from the original series have returned with a second set of seven novels that can be read in any order. Eric Walters, John Wilson, Ted Staunton, Richard Scrimger, Norah McClintock, Sigmund Brouwer and Shane Peacock bring their signature writing styles to a series of adventures that take readers from the cobblestones of Cambridge to the beaches of Uruguay. This ebook bundle contains: *Sleeper Broken Arrow Coda The Wolf and Me From the Dead Tin Soldier Double You* "This unusual series features seven books that are connected but can stand alone as individual adventures. Building upon a plot line first laid out in the "Seven" series, each entry follows one of David McLean's seven grandsons as he embarks on a dangerous mission in a far flung locale, as per instructions in Grandpa McLean's oddball will...This thrill-a-minute series will hook reluctant readers as well as fans of James Bond and Jason Bourne." –School Library Journal 'As a writer he was the disengaged onlooker who understood how his presence altered a place or a situation.' This is how *The Independent* described Laurie Lee in their 1997 obituary of the much-loved author. In *A Thousand Laurie Lees*, another poet, Adam Horovitz, explores not only how the Slad Valley informed the man and his writing but also how the valley itself was affected by its association with such an international figure; and how it has retained its particular identity since its description in *Cider with Rosie*. Shortly after Laurie Lee's death in 1997, a handful of locals dressed up as Lee and cycled right through the heart of Cider with Rosie country, stopping off at all the pubs on the way. They called their journey 'The Night of a thousand Laurie Lees'.

Slad valley man Horovitz draws on memoir, myth and literature inspired by the valley and his walks through the Slad landscape, charting what has changed and what remains, from badger setts to 'Notting Hill in Wellies,' to celebrate the man and the landscape that made him. The unwanted, unheralded and completely unnecessary autobiography of Mark T. Farias. The tales and taunts, hits and misses, facts and fictions, misadventures and misdeeds of Captain Charisma! Strap yourself in and hang on for the ride that literally takes you around the world and back again...Beautiful Bastard Time Magazine quipped at the start of the Millennium in their gossip section that the Backstreet Boys might be transforming into the Millennium's new Motley Crue now that 'Nikki Sixx has mellowed up...' Following an almost 3-decade education in rebellion as Hard Rock's mad musical scientist-highlighted by a now-infamous (and temporarily lethal) heroin overdose; relationships with some of Hollywood's most luscious leading ladies, including Vanity, Playboy Playmate Brandi Brandt, Baywatch Star Donna D'Errico, and L.A. Ink star Kat Von D; and an almost 30-year, multi-platinum run (selling over 80 million albums worldwide) as the creative center of hard rock's most decadent and notorious rock band, Motley Crue, Nikki Sixx legacy among rock and metal fans worldwide is secure. Chronicled via Sixx's own diary entries, as well as through exclusive interviews with many of those closest to Sixx, including Motley Crue drummer Tommy Lee, former live-in girlfriend (and multi-platinum rock artist) Lita Ford, legendary hard rock producers Bob Rock, Tom Werman, and Scott Humphrey, co-founding member of London Lizzie Grey, legendary rock photographer Neil Zlozower, Sixx A.M. band member and Sixx songwriting/producing partner James Michael, late recovery specialist to the stars Bob Timmons (who aided Sixx through his substance abuse recovery), 58 collaborator Dave Darling, former Motley Crue/Brides of Destruction bandmate John Corabi, and late Quiet Riot frontman Kevin Dubrow (recounting Sixx's pre-Crue audition for Randy Rhodes-era Quiet Riot), among many others. Updated from its original 2003 publication through the summer of 2009, and including a

free bonus sampler featuring unsigned/up and coming Millennium rock/metal bands influenced by Sixx's songwriting, 'An Education in Rebellion: The Biography of Nikki Sixx' promises to paint for its readers both a vividly intimate and wildly colorful portrait of the life and times of one of Hard Rock's most important and influential icons! In this highly anticipated follow-up to his memoir "One Hundred Virgins," the author continues to document in riotous fashion life on a major college campus, in a major U.S. city. Though specifically Ohio State University and Columbus, Ohio, in a sense the particulars don't matter because such experiences, though often outrageous, are universal ones. Joined by his familiar cast of fellow reprobates, along with a healthy crop of fresh recruits, this crew closes out their final year exploring campus. If the first six months were centered around discovery, then this epoch finds them operating under the banner of refinement and expansion. As always, the journey is nothing if not wildly unpredictable, and a continual reminder that it's often best to just start running, with no end goal in sight. "If I had to describe how any of us, and certainly yours truly, ever manages to accomplish anything," McGathey observes in these passages, "I would say it runs something like this: we start down a hallway toward the object of our desire at the other end, but a rug is pulled out from under us, just about on a daily basis, before we get anywhere near it. Yet every so often, after landing on the floor, you happen to spot this secret passage in the wall that you never would have noticed otherwise. Certainly not by remaining back on the starting block. And this passage commonly leads to something as good as or even better than what you originally mapped." Meet Bliss Cavendar, a blue haired, indie-rock loving misfit stuck in the tiny town of Bodeen, Texas. Her pageant-addicted mother expects her to compete for the coveted Miss Blue Bonnet crown, but Bliss would rather feast on roaches than be subjected to such rhinestone tyranny. Bliss' escape? Take up Roller Derby. When she discovers a league in nearby Austin, Bliss embarks on an epic journey full of hilarious tattooed girls,

delicious boys in bands, and a few not-so-awesome realities even the most bad-assed derby chick has to learn. College Ruled Color Paperback. A teenage drummer finds out what life is really like on tour with a rock band in this funny and bittersweet YA novel. For anyone who loved *Almost Famous* or *This Is Spinal Tap*. After being dropped from one band, sixteen-year-old drummer Zach gets a chance to go on tour with a much better band. It feels like sweet redemption, but this is one rocky road trip—filled with jealousy, rivalries, and on-stage meltdowns. Mark Parsons has written a fast-paced, feel-good novel about a boy finding his place in the world, in a band, and in the music. Zach is a character teens will stand up and cheer for as he lands the perfect gig, and the perfect girl. “A must-read for young garage-band types.” —Booklist “Readers and especially musicians should enjoy debut novelist Parsons’s look at a band on the run.” —Publishers Weekly “A road-trip adventure in romance and friendship that is ultimately all about the music.” —Kirkus Reviews

As the final exams for parole draw near, suddenly a transfer student appears! And the newcomer is none other than Kyousuke's little sister, Ayaka Kamiya! Ayaka could not be happier with this reunion but Kyousuke is terrified. What's more, he soon finds out that for the sake of meeting her beloved brother, Ayaka committed attempted murder. Considering Ayaka's mental state, Kyousuke resolves himself to protect her from the pack of killers he calls classmates. But, if someone, let's say Renko, were to find out that Kyousuke's most important 'Ayaka' is his sister,

there'll be hell to pay... Facing dangers left and right, Kyousuke will have to be more resourceful than ever to get himself—and his sister—out in one piece. *Theory and Practice of Sociocriticism* was first published in 1988. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Edmond Cros is a leading French Hispanicist whose work is unique in Continental theory because it brings Spanish and Mexican texts into current literary debates, which have so far centered mainly on the French and German traditions. Equally distinctive is the nature of his work, which Cros terms sociocriticism. Unlike most sociological approaches to literature, which leave the structure of texts untouched, sociocriticism aims to prove that the encounter with "ideological traces," and with antagonistic tensions between social classes, is central to any reading of texts. Cros's method distinguishes between the "semiotic and "ideological" elements within a text, and involves the patient, exacting reconstruction of the concrete text from these elements, a process that enables the sociocritic to interpret its fault lines, its internal contradictions - in the end, its irreducibly social nature. As its title suggests, *Theory and Practice of Sociocriticism* is structured in two parts. Its opening chapters analyze sociological theories of discourse, including those of Foucault, Bakhtin, and Goldman; in the second part, Cros applies theory to practice in readings of specific works: the film *Scarface*, contemporary Mexican poetry and prose (Octavio Paz, Carlos Fuentes), and the picaresque novel of the Spanish Golden Age. In their foreword, Jurgen Link and Ursula Link-Heer differentiate sociocriticism from other social approaches to literature and show how Cros's method works in specific textual readings. They emphasize his resistance to the reductive modes and "misreadings" that dominate much of contemporary theory. Edmond Cros is a professor of literary theory and Hispanic studies at the Universite Paul Valery in Montpellier, France, and Andrew W. Mellon Professor of Hispanic Studies at the University of

Pittsburgh. Jurgen Link teaches at the Ruhr-Universität Bochum and Ursula Link-Heer at the Universität Siegen, both in West Germany. In the seventh installment of the popular *Dead Is* series, Jessica and the other viragos must find who is responsible for the haunting music that is compelling *Nightshade* residents to commit crimes. Can they find out who is "behind the music" before it's too late? *Voted an Independent best self-care book for 2021* *Voted one of Heat's best self-help books to help you reach your full potential* If you've ever woken up feeling anxious, or cringing with embarrassment, about something you did or said whilst drunk the night before, this book may just change your life. Whichever way you look at it, it's hard to avoid how alcohol really makes us feel: terrible. After years of partying and hangovers started taking a toll on her mental health, Millie Gooch gave up alcohol and has never looked back. Whether you're simply sober-curious or determined to make a more permanent change, this book shows not only why you should but also how you can. Offering tips and advice on how to stay sober in a world that revolves around drinking, this handbook will empower you to transform your relationship with alcohol so that you can lead your most fulfilling life. It's time to join the Sober Girl Society: 'I LOVE this book already, just received today and I can't put it down!' 'I recommend this to anyone; whether they want to stop drinking permanently, or even would just like to cut down on their drinking.' 'I love how relatable and non-preachy this book is.' 'Approaches what can be a tricky and confusing subject for many with humour and wit.' 'Perfect for those reconsidering their relationship with alcohol. Brilliant book.' A "plain-spoken, deep-thinking Montana cattle inspector" takes on a serial killer in DC (*The New York Times Book Review*). With misgivings, cattle inspector and sometime deputy Gabriel Du Pré has left his hometown of Toussaint, Montana, for big-city Washington, DC, where the Métis Indian fiddler has agreed to play his people's music for a Smithsonian festival. But like the frightened and confused horse galloping wildly down the National Mall, Du Pré is very much out of his element. He does know how to

catch and calm a runaway horse, however. If only catching a killer could be so simple. When a Cree woman from Canada who came to sing in the festival is found murdered, her death is just the first in a series of fatal attacks on Native Americans. Each killing is foretold by a shaman, and each time a primitive weapon is used. As the body count rises, Du Pré fears he might be the serial killer's ultimate target. New York Times–bestselling author Ridley Pearson says about Peter Bowen's Montana mysteries: "The best of Tony Hillerman meets Zane Grey . . . Du Pré is a character of legendary proportions." And Booklist calls Gabriel Du Pré "one of the most unusual characters working the fictional homicide beat." Specimen Song is the 2nd book in The Montana Mysteries Featuring Gabriel Du Pré series, but you may enjoy reading the series in any order. A history of Jamaica's contribution to world culture--reggae--traces the history of the form from African rhythms to the slums of Kingston and the international recording industry. Mistaking an ad to join the titular The Loneliest Band in France for one to sell his blood, Migara de Silva, the novella's narrator – a Sri Lankan student, new to Montpellier – finds himself, instead, under the sway of the band, drinking heavily and being recruited to play a battle-of-the-bands-esque concert (that night) at the local Café Bovary with its four members: Noël, Guy, Lucien, and Michel. Not only is there prize money attached to the concert, the bandmates also see this as an opportunity to debut a new song, one, they claim, that can hurt – even kill – its listeners. Provides an exposêe on the record industry, discussing how musicians and producers can protect their rights, and includes information on how producers dip into budgets, artists steal songs, and lawyers write contracts in code. Color Paperback. Size: 6 inches x 9 inches. 82 sheets (164 pages for writing). Killer Tune. 156821830152 Five years ago in the village of Melford, a local lord, Sir Roger Chapeley, was executed for a spate of vicious murders. But now other young girls have been violated and garrotted, and the dead lord's son, Maurice, insists that a miscarriage of justice has taken place. As if in support of his assertion, someone is exacting their own

kind of justice as, one by one, the leaders of the jury which sent the lord to the gibbet are brutally murdered. Edward of England sends his chief clerk, Sir Hugh Corbett, to Melford to discover the truth. Seeking connections between the deaths, Corbett faces the difficult task of unveiling the secrets of a distrustful community who it seems increasingly likely are the victims of a serial murderer. But who then is killing the jurors? One thing is certain, whoever the killer, or killers, may be, they will do anything to stop their identity being revealed... The twelfth book in the wonderful Hugh Corbett series. The weekly source of African American political and entertainment news. Written by former DJ/producer Harold Heath, *Long Relationships: My Incredible Journey From Unknown DJ to Small-time DJ* is a biographical account of a DJ career defined by a deep love of music and a shallow amount of success. It's the first book to detail exactly what DJing is like for the 99% of DJs who never make it big. Covering electro, hip hop, rare groove, acid house, rave and the UK underground club scene, it's a 30-odd year tale of a life lived in dance music. *Long Relationships* is full of tales of clubs, raves, warehouses, DJing, music, record production, record deals, low-level international travel, shady promoters, dodgy club security, magical dance floor moments and much more. Jessica Walsh is starting her freshman year at Nightshade High and trying to forget about the tragic events surrounding her brother's graduation. She wants to have a normal high school experience. But that's easier said than done in Nightshade. There's a new guy at school who seems to be turning the girls into lovesick zombies. And Jessica has other worries—like her crush on a cute but moody lead singer, and the mysterious tattoo that appeared on her arm one day that lets her know whenever there is trouble brewing. Jessica learns she's a Virago, a woman warrior chosen to fight evil whenever it threatens her hometown. But does a lowly freshman really have what it takes to keep Nightshade safe? This ebook includes a sample chapter of *DEAD IS A KILLER TUNE*. "He's so funny, Ma. Uncle's a bit like the Devil, isn't he - if he knew the

truth he'd only lie about it." "Devil or not, you won't pull the wool over his eyes. He's always ten steps ahead. He's like that electric hare at the greyhound races - you're never going to catch him, no matter how hard you try." Not a black hearted liar, more Prince of Fibs, Teresa's uncle keeps everyone on their toes. Rich, a scholar, and ex-national boxing champion - some say a Communist crackpot - Fergus O'Flynn, with devilish cunning, teaches his pretty teenage niece higher things of life, even citing scripture, and how to fight dirty, take care of herself on Hope Street where she's considered easy bait walking home from school. Neglect had once been his demon, allowing his own sister to die. He was never to let that happen again. Teresa prefers to watch the world from her giant fig tree. One day she is stirred into action, saving a street girl savagely beaten. She takes revenge; a plot unexpectedly hatched by her uncle. Set in Australia's Tropics, more about school assignments than school proms; of an uncle who brings richness to Teresa's life in guiding her to self acceptance while continually working behind the scenes. But Fergus is like those painted Russian dolls - out they come, small, large, larger again, all empty as before. Or is he? His fourth novel, Darryl Kennedy is a retired English teacher now writing fulltime in Australia. When his brother Bunny vanishes from the Toronto City Hall skating rink, Spencer, a budding filmmaker, finds himself plunged into the stuff of movie thrillers: kidnapping, terrorists, intrigue, a missing document, a world-famous pop star, disguises, romance and a rogue alligator. As he races the clock to save his brother, he must sort the real from the make-believe and unravel a murder mystery involving his grandfather. The last time Spencer got tangled up in an adventure from his grandfather's past, he didn't believe it was for real. Now he can't get anyone to believe him when he says that Bunny has been kidnapped and that someone is going to die. Coda is the sequel to both Speed, part of The Seven Prequels and Jump Cut, part of Seven (The Series). The digital interactive projection system is a staple of nearly every music classroom in the United States. By allowing teachers

to show students methods and outcomes from a computer, these systems have become a necessity for reaching students who grew up as digital natives. But, as author and distinguished music educator Catherine Dwinal demonstrates, such systems can be much more meaningful pedagogical tools than simple replacements for chalkboards. In this book, she offers practical tips, tricks, resources, and 50 activities ideal to use alongside classroom projection systems. She focuses especially on tips and activities for beginning teachers, giving them the confidence to take a step out of their comfort zone and learn new ways of engaging students with technology. More than this, she provides reference materials that will serve as a trusted reference resource for years to come. Welcome to Nightshade, California—a small town full of secrets. It's home to the psychic Giordano sisters, who have a way of getting mixed up in mysteries. During their investigations, they run across everything from pom-pom-shaking vampires to shape-shifting boyfriends to a clue-spewing jukebox. With their psychic powers and some sisterly support, they can crack any case! Teenage girls are being mysteriously attacked all over town, including at Nightshade High School, where Daisy Giordano is a junior. When Daisy discovers that a vampire may be the culprit, she can't help but suspect head cheerleader Samantha Devereaux, who returned from summer break with a new "look." Samantha appears a little . . . well, dead, and all the most popular kids at school are copying her style. Is looking dead just another fashion trend for Samantha, or is there something more sinister going on? To find out, Daisy joins the cheerleading squad. This ebook includes a sample chapter of *DEAD IS A BATTLEFIELD*. Is every moment a fleeting mess, or an opportunity to experience the precious? Is the nature of man (and woman too) to survive life as an inescapable obstacle course of tricks and treats, or is the nature of man to love and find a unity with life that helps him express it? Is it the purpose of who we are to hope we find it, or is the purpose of each of us something that is already complete, that our life exists to express? There are many ideas we hold about our lives and life itself. Starting

Over is an investigation of these ideas and how they effect our experience of life. Furthermore it is an exploration of ideas that might serve us in being who we want to be with the life we want to be who we are with. With practice, care, and simply taking the time to pay a little attention to ourselves and our lives, we can lead ourselves to a better experience of it. Something strange happens after Rose Giordano begins working at a research laboratory. Doppelgangers of Nightshade residents are seen all over town. Rose and her sisters think it's a coincidence, until the rumors start that their missing father has been spotted. A chilling debut for fans of Mo Hayder and Sharon Bolton. Welcome to HMP Halvergate. If you're lucky, you'll get to leave. Dr Janet Palmer was glad to take a new job as lead psychologist at a remote Norfolk prison. She may live to regret it.... The staff are hostile, violence can break out at any time, no one will tell her what happened to her predecessor, and there are rumours of an eyeless woman stalking the corridors, driving the prisoners to suicide. Janet is determined to find answers. But the deeper she digs, the more she realises: something is rotten in Halvergate. And it's nothing as simple as ghosts... These Bluegrass, Old Time and Celtic banjo traditions will expand the players' knowledge of the instrument, and deepen their understanding of bluegrass and traditional music. The techniques employed will build the players technical prowess and broaden their enjoyment of playing. and the tunes, both popular and lesser known, will add new variety to the next jam session! Tablature only. Repertoire of fiddle tunes for

the early to the advanced banjo player. In easy to read tablature with 2 companion CDs. Expands the players' knowledge of Bluegrass banjo styles and banjo music. Builds playing skills and adds variety to their playing. Ubiquitous Musics offers a multidisciplinary approach to the pervasive presence of music in everyday life. The essays address a variety of situations in which music is present alongside other activities and does not demand focused attention from (sometimes involuntary) listeners. The contributors present different theoretical perspectives on the increasing ubiquity of music and its implications for the experience of listening. The collection consists of nine essays divided into three sections: Histories, Technologies, and Spaces. The first section addresses the historical origins of functional music and the debates on how reproduced music, including a wide range of styles and genres, spread so quickly across so many environments. The second section focuses on more contemporary sound technologies, including mobile phones in India, the role of visible playback technology in film, and listening to portable digital players. The final section reflects on settings such as malls, stores, gyms, offices and cars in which ubiquitous musics are often present, but rarely thought about. This last section - and ultimately the whole collection - seeks to foster a wider understanding of listening practices by lending a fresh, critical ear. As bass player with the Specials, in his second-hand suit and pork pie hat, Horace Panter was a member of one of the most innovative and exciting bands to come snarling out of the punk era. Founded by Jerry Dammers, their fusion of punk, reggae and ska created a new musical fashion, spearheaded by their own record label Two Tone. They stood for unity and racial harmony in a polarised society. They even got British men dancing again. In Ska'd for Life Horace takes the reader on a musical odyssey with the Specials from their early days on Coventry's punk circuit to chart storming success with singles like 'Too Much Too Young' and the eerily prescient 'Ghost Town', released as the race riots saw Toxteth and Brixton go up in flames. Written with wry humour, taking an affectionate look at a band whose sublime music remains influential today, this is a must for all Specials fans. 'I found myself laughing out loud whilst revisiting some long forgotten memories . . . It was a fantastic journey and I thank Horace for sharing it' Lynval Golding A fifteen-year-old boy firebombs a building as he listens to Vivaldi's Winter Concerto splicing behind a red hot R 'n' B track. A veteran musician is found dead in an alley with the pulse of an old time reggae classic playing in his pocket. Rap sensation Lord Tribulation discovers his new found stardom threatened when he finds himself in the middle of both incidents. His music is accused of inciting the firebombing, and the dead musician is his father. With the beat of the media and government blasting down his neck, LT's search for the truth about his father's death takes him back to an old flame, and on a retro trail to 1976. A time when music was politics and politics was music. A time when the heat-drenched streets of Notting Hill burst into open rebellion. A time that, as LT gets closer to the truth, could lead straight to his own murder . . . Three extraordinary people in some most extraordinary times: It's Dissolution Summer and as the

United Kingdom prepares to break up into separate nations, the Counterculturals have gathered for a festival where everything's allowed. Among them is a talented little brat called Fiorinda, rock and roll princess by birth, searching for her father, the legendary Rufus O'Niall. Instead, she finds Ax Preston, the softly spoken guitarman with bizarre delusions about saving the country from the dark ages. Together with Sage Pender, techno-wizard king of the lads, they join the pop-icon team that's supposed to make the government look cool. *Rock Legends. True Romance. A stunning fantasy about England. Music, magic and myth are elements essential to the identities of New Orleans musicians. The city's singular contributions to popular music around the world have been unrivaled; performing this music authentically requires collective improvisation, taking performers on sonorous sojourns in unanticipated, 'magical' moments; and membership in the city's musical community entails participation in the myth of New Orleans, breathing new life into its storied traditions. On the basis of 56 open-ended interviews with those in the city's musical community, Michael Urban discovers that, indeed, community is what it is all about. In their own words, informants explain that commercial concerns are eclipsed by the pleasure of playing in 'one big band' that disassembles daily into smaller performing units whose rosters are fluid, such that, over time, 'everybody plays with everybody'. Although Hurricane Katrina nearly terminated the city, New Orleans and its music—in no small part due to the sacrifices and labors of its musicians—have come back even stronger. Dancing to their own drum, New Orleanians again prove themselves to be admirably out of step with the rest of America. When Hurricane María unleashed its devastation onto Puerto Rico, thousands of lives were lost to the storm in what was the island's worst natural disaster on record. With so much of the recovery still underway and the scars still fresh, its citizens continue to contend with the reality that life on the island has fundamentally changed. In his first collection of poems written in English, La Torre Lagares journeys through his memory in an effort to*

recompose his shattered land. Together, these poems form a poignant, personal account of a man facing the tragic destinies of his family and his country in the aftermath of a natural disaster. For example, the deaths of the mother and the father are resignified as the death of the poet's personal relationship, which at the same time evokes the rupture between individuals and their sense of place. Drawing from both American and Latin American poetry, as well as global influences, to articulate a language of loss and devastation in search of a new identity, this collection illuminates a chaotic and confusing landscape that is not only physical but also cultural, social, and political. Taken together, this work serves as a stirring reminder of the dislocation and fractured attachment that speaks to many Americans, including transnationals and immigrants. Ultimately it speaks to coping with physical loss and emotional pain in the face of human adversity.
