Statistics for Business and Economics, Global Edition

May 22 2020 For courses in Introductory Business

Statistics. Now in its 13th Edition, Statistics for Business and Economics introduces statistics in the

context of contemporary business. Emphasizing

statistical literacy in thinking, the text applies its

concepts with real data and uses technology to

develop a deeper conceptual understanding.

Examples, activities, and case studies foster active

learning in the classroom while emphasizing intuitive

concepts of probability and teaching students to make

informed business decisions. The 13th Edition

continues to highlight the importance of ethical

behaviour in collecting, interpreting, and reporting on

data, while also providing a wealth of new and

updated exercises and case studies.
