Colombia - forget the reputation. Twice the size of France, and with a diversity of landscapes and cultures that would be hard to find even in countries five times its size, Colombia should by all rights be one of the world's top travel destinations. Pick a climate, and it's yours-if you find the light jacket weather of Bogota cold, drive an hour down through the mountains and sunbathe next to the pool of your rented hacienda. If you don't want to sit still, head off into the Amazon or any of the country's other many inland jungles, snow-capped volcanoes, rocky deserts, endless plains, lush valleys, coffee plantations, alpine lakes, deserted beaches. For culture, intellectual Bogota might lead the rest of Latin America in experimental theater, indie-rock, and just sheer volume of bookstores, but you could also get a completely alien education in an Amazonian malocca, or you could delve into the huge Latin music scene of salsa and cumbia, with the most exciting dance display being the enormous Carnival of Barranquilla. For history, wander the narrow streets of South America's original capital in Bogota, check out old Spanish colonial provincial retreats like Villa de Leyva, trek through the thick jungle-covered mountains of the northeast to the Lost City of the Tayrona Indians. Walk the walls of Cartagena's achingly beautiful old city, looking over the fortified ramparts upon which the colonial history of South America pivoted. For nightlife, hot Cali is today's world capital of salsa, claiming that competitive distinction even over Colombia's other vibrant big city party scenes, which keep the music going long into the small hours of the morning. For dining, you'll find everything from the ubiquitous cheap, delicious Colombian home-style meals to world-class upscale and modern culinary arts in the big cities, with cuisines from all corners of the world represented. And for relaxing, there are gorgeous tropical beaches along Colombia's Caribbean and Pacific coasts, but you can find even more laidback and peaceful retreats on the idyllic and unspoilt Caribbean island of Providencia. The political violence has subsided substantially throughout the majority of the country and savvy travelers have already flocked here from around the world-come before everyone else catches on! Colombia is the only country in South America with coastlines on both the North Pacific Ocean and Caribbean Sea as well as the country with the second-most biodiversity in the world. Lying to the south of Panama, Colombia controls the land access between Central and South America. With Panama to the north, Colombia is surrounded by Venezuela to the east, Brazil to the southeast, and Ecuador and Peru to the south west. Traveling in Colombia is definitely worthwhile. From Bogota, with a temperate climate 2,600 m (8,530 ft) above sea level and at a constant temperature of 19 degrees Celsius, a drive of one or two hours North, South, East or West can take you to landscapes which are as diverse as they are beautiful. To historic city centres and towns, modern and energetic party cities, oriental plains which stretch out far beyond the horizon with little modulation. rugged contours of the higher Andean region, the Guajira peninsula and its desert, idyllic beaches, the tropical jungle of the Amazon and the Choco with abundant flora and fauna, snowy peaks and volcanoes, ancient ruins, the Magdalena River valley and its hot weather, beautiful coral reefs and an abundant underwater marine life together with pleasant relaxed tropical islands, and the ability to rest and relax in a privately rented hacienda that lets you have and enjoy these treasures to yourself. Colombia is one of the equatorial countries of the world, but unique in its extreme topography and abundance of water and has something for everyone. In 2011 the World Bank—with funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled

using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to being widely cited by scholars and development practitioners, Global Findex data are used to track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant materials—are available at www.worldbank.org/globalindex. "Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me." —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F*ck* Ten Years a Nomad is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic "how-to," and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. Ten Years a Nomad is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand. Make the most of your trip with The Rough Guide to Colombia. Medellín is the second largest city in Colombia. It has over 2 million people and is the capital of the department of Antioquia. It's set in a valley running south to north and just a one-hour flight from Bogotá. The weather in Medellín is quite mild it well deserves its common motto of 'City of eternal spring'. Average daily temperatures are 22°C (71°F), range from 15 to 30 degrees Celsius (60o-85°F). Humidity is comfortable in the 50%-70% range. Due to its proximity with the equator there is little variation with the seasons. Due to the high altitude and moderate overcast skies Medellín stays cool, with an occasional couple hours of strong sun light. As Medellín is located in a tropical country, the absence of air conditioners in Medellín often takes foreign visitors by surprise. Air conditioning is used in downtown areas. Fresh air comes from the mountains surrounding Medellín on all sides, and provides Medellín with the perfect climate. At night time the temperature is usually in the 10-15°C (50-60°F) range, and depends mostly on if its raining or not. The majority of restaurants are in open air environment, without walls, because of the perfect climate. A typical breakfast in Medellín consists of baked corn arepas (Flat unsweetened corn pancake) topped with butter and fresh white cheese, coffee or hot chocolate. One treat that will leave anyone stuffed is the "Tipico Antioqueño"; arepa con queso (small flatbreads with cheese on top), beans, chicken, rice, fried eggs, chicharron (salted and fried unsmoked bacon) and patacon (deep-fried plantain pancakes). Topping that off with a Colombian beer and a cup of "chocolate" (pronounced the Spanish way - it's milky, sweet hot chocolate) makes for an excellent meal. An excellent place to eat typical food is Hatoviejo. There is a large variety of restaurants all throughout Medellín, especially concentrated around the 'Zona Rosa' which is in Poblado between Parque Poblado and Parque Lleras. You can find a fine display of places with whatever food you desire, with good quality for comparatively cheap prices compared to the US, although there is a shortage of authentic Greek, Indian and Thai restaurants. Sushi is increasingly popular and may be found at the larger malls or supermarkets that are more "international." Colombia is famous for its coffee and Medellín is only a few hours from the coffee growing centers of Colombia. You can find coffee flavors of everything you can imagine, from ice-cream to arequipe (sweetened milk). The 'Starbucks' coffee culture is growing, with the most prominent brand being Juan Valdez coffee shops. The Juan Valdez chain is owned by the National Federation of Coffee Growers of Colombia, and sells a variety of Colombian coffees. medellin travel guide, colombia travel guide, medellin guide, medellin colombia A comprehensive travel guide to Colombia, with full-color illustrations, photos, and maps, along with information on cultural and historical sites, hotels and restaurants, shopping, and entertainment.
