Most scientifically prepared book for Hindi speakers who are interested in learning how to speak Kannada correctly and effectively. Everyday conversational tone and language has been used throughout the book for convenience in learning. A sentence in Hindi is immediately followed in Kannada. The book can be used to pick up speaking Kannada at market places, shops, schools, colleges, bus stands, stations, trains, hospitals, banks and at other possible places where an average person is likely to go.

#v&spublishers A book on Mathematics Targeting Mathematics series consists of nine textbooks; one for Primer and eight textbooks for classes 1–8. These books have been formulated strictly in accordance with the Continuous and Comprehensive Evaluation (CCE) approach of Central Board of Secondary Education (CBSE) and are based on the latest syllabus. The series also conforms to the guidelines of National Curriculum Framework 2005. The books have been written by experienced and renowned authors.

1. It is a series of eight textbooks for Classes 1 to 8 that conforms to the vision of National Curriculum Framework and is written in accordance with the latest syllabus of the CBSE.
2. Learning Objectives: Lists well what a learner will know and be able to do after studying the chapter.
3. Let's Recall: Refreshes the concepts learnt in the form of a revision exercise to brush up the concepts taught in previous chapters or grades.
4. Let's Begin: Introduction to the chapter.
5. My Notes: Tips to help the learner remember the important points/formulae taught in the chapter.
6. Let's Try: Simple straight forward questions for quick practice while studying any topic based on the first two levels of Bloom's Taxonomy — Knowledge and Understanding.
7. Error Alarm: Common mistakes which learners commit often along with the correct way of doing the same.
8. Know More: Additional information for the learners relating to the concepts learnt in the chapter.
9. Maths in My Life: Includes questions relating Maths to daily life and which can help relate the topic with the environment (life) around us.
10. Tricky Maths: Challenge questions to help the learners build thinking skills and reasoning skills by solving tricky questions.
11. Project Work: Projects which can help learners connect Math with our daily life or that take the concepts learnt to a new level.
12. Concept Map: Summary points to list the important concepts learnt in the chapter in a crisp form.
13. Test Zone: Revision exercise of the concepts learnt in the chapter. This includes both objective and subjective type of questions.
14. Mental Maths: Maths problems for performing faster calculations mentally.
15. Maths Master: Involves deep critical thinking of learners about any topic, concept, relation, fact or anything related to that chapter. May have open ended questions or extension of the topic.
16. Application in Real-Life: Every chapter in each book also explains how and where it is used in daily life.
17. In the Lab: Math lab activities for helping the learners understand the concepts learnt through hands-on experience.
18. Practice Zone: Chapter-wise practice sheets includes subjective questions for additional practice which are a part of each book. This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks.

1. 'NCERT Solutions' a unique book containing Questions-Answers of NCERT Textbook based questions.

2. The present edition of Class 7 th Mathematics provide solutions to Textbook questions.
3. It is divided into 15 chapters, covering the syllabi of Mathematics for Class VII.
4. Comprehensive solutions help students to learn the concepts & enhances thinking abilities.
5. Book covers the text matter into reading notes format covering all definitions, key words, important points, etc.
6. The book gives detailed well explained solutions to all the exercises.
7. It contains simplified text material in the form of quick reading notes.

NCERT Textbooks play an immense role in developing student's understanding and knowledge about a subject and the concepts or topics covered under a particular subject. Keeping in mind this immense importance and significance of the NCERT Textbooks in mind, Arihant has come up with a unique book containing Questions-Answers of NCERT Textbook based questions. This book containing solutions to NCERT Textbook questions has been designed for the students studying in Class VII following the NCERT Textbook for Mathematics. The present book has been divided into 15 Chapters namely Integers, Fractions & Decimals, Data Handling, Simple Equations, Lines & Angles, The Triangle & Its Properties, Congruence of Triangles, Comparing Quantities, Rational Numbers, Practical Geometry, Perimeter & Area, Algebraic Expressions, Exponents Powers, Symmetry and Visualising Solid Shapes, covering the syllabi of Mathematics for Class VII. This book has been worked out with an aim of overall development of the students in such a way that it will help students define the way how to write the answers of the Mathematics textbook based questions. The book covers selected NCERT Exemplar Problems which will help the students understand the type of questions and answers to be expected in the Class VII Mathematics Examination. Through comprehensive solutions, the students can learn the concepts which will enhance their thinking & learning abilities. For the overall benefit of the students, along with the solutions the book also covers the text matter of NCERT textbooks in easy reading notes format covering all definitions, formulae, important points, etc. For the overall benefit of students the book has been designed in such a way that it not only gives solutions to all the exercises but also gives detailed explanations which will help the students in learning the concepts and will enhance their thinking and learning abilities. As the book has been designed strictly according to the NCERT Textbook of Mathematics for Class VII and contains simplified text material in the form of quick reading notes and answers to all the questions in lucid language, it for sure will help the Class VII students in an effective way for Mathematics.

1. Chapter-wise presentation for systematic and methodical study.
2. Strictly based on the latest CBSE Curriculum and National Curriculum Framework.
3. All Questions from the Latest NCERT Textbook are included.
4. Previous Years' Question Papers from Kendriya Vidyalaya Sangathan are included.
5. Latest Typologies of Questions developed by Oswaal Editorial Board included.
6. Mind Maps in each chapter for making learning simple.
7. 'Most likely Questions' generated by Oswaal Editorial Board with 100+ years of teaching experience.

This book comprises solution of every question of class 7th mathematics. This book is prepared as per the guidelines, syllabus and marking scheme issued by CBSE for Class VII Summative Assessment I and II. The salient features of this book are:

- This book have been so designed that complete syllabus is covered.
- This book helps student in identify their weak areas and improve them.
- Also it will help students gain confidence and will help students evaluate their reasoning, analysis and understanding of the subject matter.

Let's Think and Learn is a practice book series in mathematics for classes 3 to 8. It has been specifically designed in response to fulfil the need to develop and hone higher-order thinking skills such as critical thinking, problem solving, creative thinking, etc. in the classrooms of the 21st century. Goyal Brothers Prakashan Pearson IIT Foundation Series, one of the most reliable and comprehensive source of content for competitive readiness, is now thoroughly updated and redesigned to make learning more effective and interesting for students. The core objective of this series is to help aspiring students understand the fundamental concepts with clarity, in turn, helping them to master the art of problem-solving. Hence, great care has been taken to present the concepts in a lucid manner with the help of neatly sketched illustrations and well thought-out real-life examples. As a result, this series is indispensable for any student who intends to crack high-stakes examinations such as Joint Entrance Examination (JEE), National Talent Search Examination (NTSE), Olympiads-Junior/Senior /International, Kishore Vaigyanik Protsahan Yojana (KVPY), etc. The series consists of 12 books spread across Physics, Chemistry, and Mathematics for classes VII to X. This hardcover textbook has 170 lessons. New concepts include: nonterminating decimals, profit and loss, compound interest, Bible measure, Celsius-Fahrenheit

conversion, histograms, types of angles and triangles, trapezoids, constructing designs, surface area and volume, algebraic expressions, order of operations, exponents, square roots and signed numbers. This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. The educational process has undergone a sea of change in the last few years and has become more demanding than ever before. For more than two decades, Xam idea has helped thousands of students prepare for exams by providing hand-picked questions and solutions strictly in accordance with the CBSE syllabus. Activity Book for National Interactive Maths Olympiad (NIMO) & other National/International Olympiads/Talent Search Exams based on CBSE, ICSE, GCSE, State Board syllabus & NCF (NCERT). The IIT Foundation Series is a series of nine books—three each for physics, chemistry, and mathematics—that prepares the students for the IIT JEE and various elite competitive examinations. Though aimed primarily at students studying in Classes 8, 9, and 10, the series can also be used by all aspirants for a quick recapitulation of important topics in the core subjects. Mathematics (Class 7) features systematically and comprehensively presented topics as per the syllabuses of the CBSE, ICSE, and other major state education boards; clear and concise basic concepts; offers application-oriented material to bring conceptual clarity and to help the students build a strong foundation in the subject; provides illustrative examples solved in a logical and step-wise manner; includes both objective and subjective questions at the end of each chapter; hints and explanations for the exercises provided in the books. The book will also be useful for various talent search examinations such as the NTSE, Olympiads and science quizzes. Key Concepts have been given at the beginning of each chapter to facilitate thorough revision and recall. Contains large number of Solved Examples and Practice Questions Learning Mathematics - Class 7 has been written by Prof. M.L. Aggarwal in accordance with the latest syllabus of the NCERT and Guidelines issued by the CBSE on Comprehensive and Continuous Evaluation (CCE). The subject matter has been explained in a simple language and includes many examples from real life situations. Questions in the form of Fill in the Blanks, True/False statements and Multiple Choice Questions have been given under the heading 'Mental Maths'. Some Value Based Questions have also been included to impart values among students. In addition to normal questions, some Higher Order Thinking Skills (HOTS) questions have been given to enhance the analytical thinking of the students. Each chapter is followed by a Summary which recapitulates the new terms, concepts and results. This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. Understanding Numbers is a carefully written series of mathematics to help students encourage the study of mathematics in the best interactive form. It contains ample practice material, attractive illustrations and real-life examples for the students to relate the topics with their everyday life. Special care has been taken while teaching topics like geometry and probability to the students. Keeping in mind the development status and comprehension level of students, the text has been presented in a well graded manner. Composite Mathematics is a series of books for Pre Primer to Class 8 which conforms to the latest CBSE curriculum. The main aim of writing this series is to help the children understand difficult mathematical concepts in a simple manner in easy language. A book on Mathematics Maths Ladder comprises of eight practice books of Mental Maths for classes 1 to 8. This series will help the students acquire the requisite computational skills as well as retain these skills even in later years after passing out of school. To achieve proficiency in a subject like Mathematics, it is extremely important for a student to get sufficient practice, so as to understand and apply the various concepts he/she learns The thoroughly Revised & Updated 2nd Edition of "Olympiad Champs Mathematics Class 7 with Past Olympiad Questions" is a complete preparatory book not only for Olympiad but also for Class 7 Mathematics. The book is prepared on content based on National Curriculum Framework prescribed by NCERT. This new edition has been empowered with Past Questions from various Olympiad Exams like IMO, IOM, GTSE, etc. in both the exercises of every chapter. Further the book Provides engaging content with the help of Teasers, Do You Know, Amazing Facts & Illustrations, which enriches the reading experience for the children. The questions are divided into two levels Challenge A and Challenge B. The first level, Challenge A, is the beginner's level which comprises of questions like fillers, analogy and odd one out. The second level is the advanced level. Challenge B comprises of techniques like matching, chronological sequencing, picture, passage and feature based, statement correct/ incorrect, integer based, puzzle, grid based, crossword, Venn diagram, table/ chart based and much more. Solutions and explanations are provided for all questions. S Chand's Smart Maths is a carefully graded Mathematics series of 9 books for the children of KG to Class 8. The series adheres to the National Curriculum Framework and the books have been designed in accordance with the latest guidelines laid down by the NCERT. This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. MathsWiz, a series of nine textbooks for KG to Class 8, is a course based on the National Curriculum Framework and the guidelines provided therein. The content is student-centred and activity-based, laying the utmost emphasis on developing problem-solving skills and encouraging the child to think creatively and work independently. This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. GANIT MATHEMATICS series consists of ten textbooks; two textbooks for Primer A and B, eight textbooks for classes 1-8. This series is strictly bases on the syllabus prescribed by the Council for the Indian School Certificate. The series has been developed to guide the young minds to observe and experience mathematics all around them. Each concept has been related to everyday life in order to develop a spirit of curiosity and discovery. Concepts are gradually built up with easy-to-follow steps and plenty of examples. Spectrum Math for grade 7 keeps kids at the top of their math game using progressive practice, math in everyday settings, and tests to monitor progress. The math workbook covers algebra, geometry, statistics, proportions, ratios, and more. A best-selling series for well over 15 years, Spectrum still leads the way because it works. It works for parents who want to give their child a leg up in math. It works for teachers who want their students to meet—and surpass—learning goals. And it works to help children build confidence and advance their skills. No matter what subject or grade, Spectrum provides thorough practice and focused instruction to support student success. The NCERT Mathematics Practice Books for classes 1 to 8 are designed to provide additional practice to the users of the NCERT Mathematics Textbooks as well as for the general practice of mathematical concepts. These books serve as companions to the NCERT Mathematics Textbooks: Math-Magic for classes 1 to 5 and Mathematics for classes 6 to 8. MathsWiz, a series of nine textbooks for KG to Class 8, is a course based on the National Curriculum Framework and the guidelines provided therein. The content is student-centred and activity-based, laying the utmost emphasis on developing problem-solving skills and encouraging the child to think creatively and work independently. The ebook version does not contain CD. Contains large number of Solved Examples and Practice Questions. Answers, Hints and Solutions have been provided to boost up the morale and increase the confidence level. Self Assessment Sheets have been given at the end of each chapter to help the students to assess and evaluate their understanding of the concepts. New Mathematics Today, a thoroughly revised series for KG to Class 8, has been designed as per the requirements of the latest curriculum. The content of this series is designed to reach all learners in the classroom irrespective of their skill levels or learning capabilities. This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks. 1. Chapter-wise presentation for systematic and methodical study 2. Strictly based on the latest CBSE Curriculum and National Curriculum Framework. 3. All Questions from the Latest NCERT Textbook are included. 4. Previous Years' Question Papers from Kendriya Vidhyalaya Sangathan are included. 5. Latest Typologies of Questions developed by Oswaal Editorial Board included. 6. Mind Maps in each chapter for making learning simple. 7. 'Most likely Questions' generated by Oswaal Editorial Board with 100+ years of teaching experience This will help the aspirants to assess the pattern of the real examination paper, practice and prepare for cracking the top ranks.
