Marie Powell is sixteen when her father marries her to the poet John Milton in payment of a debt. They move to a pretty garden-house in London, but she struggles to adjust to her new life. Her husband is high-minded and unyielding, and only makes Marie long for the man she really loves. As Civil War sweeps across England and the King is killed, a battle starts to rage between husband and wife - one that only the powerful can win. Told through the fictional journals of Milton's wife, Robert Graves's sympathetic and sensitive reconstruction of her tragic life is also a convincing, linguistically rich portrait of seventeenth-century England as it is ravaged by war. An authoritative portrait of one of the ancient world's most intriguing and powerful women. Despite very humble beginnings, Theodora rose to become empress of the Byzantine Empire at the acme of its power and influence. Raised in a family of circus performers in Constantinople, she later caught the attention of the future emperor Justinian while performing as a courtesan. The two weremarried soon thereafter, to the shock of the ruling elite. When Justinian assumed power in AD 527, they ruled the Empire together until her death twenty years later. Their reign was the most celebrated in Byzantine history, bringing wealth, prestige, and even much of the Italian peninsula back to the Empire. As Justinian's most trusted advisor, she discernibly influenced his rule. Her interest in social causes, for example, is seen in added legal protections for women and the lower classes. Theodora's most lasting impact was her unwavering support for the Christian sect of Monophysitism. Although her husband was orthodox, Theodora maintained her religious independence at considerable risk to herself. In Syria today, where the sect still thrives, she is revered as a saint. In *Theodora: Actress, Empress, Saint*, renowned historian David Potter provides a fresh new account of her fascinating life and times. He penetrates the highly biased writings of her contemporaries and takes advantage of the latest research on early Byzantium to craft the most authoritative and engaging biography of Theodora to date. It will be of interest to all readers of women's history and ancient history. This "vigorous tale" by the acclaimed author of *I, Claudius* captures the sixth century fall of the Byzantine Empire as seen through the eyes of a servant (Kirkus Reviews). Threatened by invaders on all sides, the Eastern Roman Empire of the sixth century fought to maintain its borders. Leading its defense was the Byzantine general Belisarius, a man who earned the grudging respect of his enemies, and who rose to become Emperor Justinian's greatest military leader. Loosely based on Procopius's *History of the Justinian Wars* and *Secret History*, this novel tells the Belisarius's story through the eyes of Eugenius, a eunuch and servant to the general's wife. It presents a compelling portrait of a man bound by a strict code of honor and unrelenting loyalty to an emperor who is intelligent but flawed, and whose decisions bring him to a tragic end. Eminent historical novelist and classicist Robert Graves presents a vivid account of a time in history both dissolute and violent, and demonstrates once again his mastery of this historical period. "A brilliant piece of scholarship." —Kirkus Reviews "The scope of the book is massive—encompassing religious controversy and cultural developments as well as military history—yet, throughout, Graves succeeds in blending historical details with the development of his main characters." —Historical Novel Society The poet Robert Graves' use of material from classical sources has been contentious to scholars for many years, with a number of classicists baulking at his interpretation of myth and his novelization of history, and questioning its academic value. This collection of essays provides the latest scholarship on Graves' historical fiction (for example in *I, Claudius* and *Count Belisarius*) and his use of mythical figures in his poetry, as well as an examination of his controversial retelling of the Greek Myths. The essays explore Graves' unique perspective and expand our understanding of his works within their original context, while at the same time considering their relevance in how we comprehend the ancient world. Swashbuckling historical fiction from the author of *I, Claudius*. "A cleverly balanced mixture of spice, fact, humor and adventure on and off the high seas" (Kirkus Reviews). Set in the Age of Exploration, *The Islands of Unwisdom* tells the story of the ill-fated Don Álvaro de Mendaña y Neyra, a Spanish explorer set on finding the Solomon Islands, the mythical source of King Solomon's vast wealth. Driven by greed, ambition, and lust, Don Alvaro and his wife, the beautiful and dangerous Ysabel, lead a crew of adventurers beyond the horizon in search of the wealth of their wildest dreams. However, that's not exactly what they find. In the hands of master historical novelist, classicist, and poet Robert Graves, this tale offers a fascinating look at a brutal and bloody era, and insights into the reasons for Spain's failure to ultimately dominate world exploration during this time. "The long week-end" is Robert Graves' and Alan Hodge's evocative phrase for the period in Great Britain's social history between the twin devastations of the Great War and World War II. With brilliant wit and trenchant judgments they offer a scintillating survey of seemingly everything that went on of any consequence (or inconsequence) in those years in politics, business, science, religion, art, literature, fashion, education, popular amusements, domestic life, sexual relations--and much else. A fully-outfitted edition of Prokopios' late Antique masterpiece of military history and ethnography--for the 21st-century reader. "At last . . . the translation that we have needed for so long: a fresh, lively, readable, and faithful rendering of Prokopios' Wars, which in a single volume will make this fundamental work of late ancient history-writing accessible to a whole new generation of students." --Jonathan Conant, Brown University "Country Sentiment" by Robert Graves. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format. Translated from the Latin by the poet and author of *I, Claudius*, this ancient Roman novel follows the many adventures of a man who transforms into an ass. Driven by his all-consuming curiosity, a young man of good parentage named Lucius Apuleius takes a trip to Thessaly. Along the way, amidst a series of bizarre adventures, he inadvertently offends a priestess of the White Goddess, who promptly turns him into an ass. How Lucius responds to his new misfortune, and ultimately finds a way to become human again, makes for a funny and fascinating tale. *The Metamorphosis of Apuleius*, referred to by St. Augustine as *The Golden Ass*, is the oldest novel written in Latin to survive in its entirety. Originally written by Lucius of Patrae, this translation by Robert Graves highlights the ribald humor and vivid sense of adventure present in the original. Providing a rare window into the daily lives of regular people in ancient Greece, Robert Graves's translation of this classic tale is at once hilarious, informative, and captivating. FANS OF MAURICE SENDAK'S CALDECOTT MEDAL-WINNING WHERE THE WILD THINGS ARE WILL LOVE THE BIG GREEN BOOK—NOW BACK IN PRINT! A little boy named Jack discovers a big green book of magic in the attic and learns all sorts of spells—spells to change the look of things, spells to make him old and gray or disappear entirely! Jack makes the most of his new magic powers, and his poor old aunt and uncle are quite bewildered. This enchanting tale by noted British author Robert Graves is masterfully illustrated by Maurice Sendak, seven-time Caldecott Honor recipient, National Book Award winner, and the Caldecott Medal-winning creator of *Where the Wild Things Are*. The author of *I, Claudius* tells the tale of a notorious nineteenth-century poisoner: "A must for true-crime addicts" (Kirkus Reviews). A self-confessed forger, cheat, thief, and petty criminal, William Palmer was also a surgeon and a racehorse owner during the Victorian era who doped horses, fixed races, philandered unapologetically, and generally behaved as an all-around rogue. But the crime for which he was condemned was altogether more serious: poisoning numerous members of his family as well as a close friend. Based on the historic trial of a man characterized as a sociopath and a serial killer, Robert Graves tells the story of a man who was deeply flawed but ultimately not beyond redemption. *They Hanged My Sainly Billy* is brimming with humor, emotion, and social commentary. Told through the eyes of both friends and enemies, Palmer comes to life as a not-

unsympathetic antihero. Along with *I, Claudius*, *The Golden Fleece* is considered one of Robert Graves's most exciting and transporting historical novels. The Golden Fleece was at one time the most sacred religious object of the ancient Greeks, and had been sent away as the result of a power struggle between the Greeks and earlier inhabitants of the Greek peninsula. In this the original quest narrative, Jason leads a voyage of heroes, including his friend Hercules and many others, in his ship the *Argo*, to recapture the sacred Golden Fleece and bring it home. To do so he must travel across the whole of the ancient world, perform impossible tasks, and undergo betrayals and tragedies beyond comprehension or human endurance. Poet, translator, memoirist, novelist, classicist Robert Graves stands alone for his ability to bring to modern readers the great stories of the ancient world with all their vividness and gore and power intact. As he has shown in many of his 140 published works, his facility with ancient myths and his understanding of how they still inform our imaginative lives helps make *The Golden Fleece* feel as fresh and necessary today as it did the first time someone told the story of Jason and the Argonauts some three thousand years ago. Seven Stories' Robert Graves Project spans 14 titles, and includes fiction and nonfiction, adult, young adult and children's books, in a striking new uniform design, with new introductions and afterwords. Among the works still to come are *Count Belisarius*, *Hebrew Myths*, and *Lawrence and the Arabs*. The online partner for the Robert Graves Project is RosettaBooks. Dramatises the life and times of Jesus Christ as seen through the eyes of a first century Alexandrian scholar. Belisarius is the most successful general of the age, the scourge of the Vandals, the Persians and the Goths; but they are not his only enemies. Back in Constantinople the Emperor Justinian, jealous of his success and wary of the dangers of successful generals, is continuously plotting against his loyal subject. If it weren't for the friendship between Belisarius' wife and the empress Theodora, things would look much bleaker for Belisarius and for the Roman Empire. The experiences of a private soldier in the British Army in India and Burma in the early years of the 20th century. The author of *I, Claudius* puts his own twist on the myth of the Argonauts' quest for the Golden Fleece: "A tour de force . . . A richly tapestried epic" (Kirkus Reviews). An inventive reimagining of the story of Jason and the Argonauts, this novel by renowned poet and classicist Robert Graves brings heroic figures of Hellenistic myth to life. Graves's Jason is belligerent, energetic, and full of life, and the society Graves builds for him is outlandish and deeply invested in ancient cults. Against this primitive, religious backdrop, the charismatic Jason assembles a crew and sets out to retrieve the sacred gold-trimmed fleece that is sacred to Zeus, and that has been stolen by worshippers of the Triple Goddess. Accompanying him is Hercules, a brave warrior known more for his brawn, and his astonishingly good luck, than his brains. Robert Graves builds a compelling world that sets Hellenistic magic and mystery in a surprisingly gritty, realistic setting, a fascinating read for fans of Greek mythology. "A witty historical novel with much insider's lore on cult and ritual." —The New York Review of Books "Richly readable, thoroughly classical yet individually interpreted, this is a labor of love important to students, culture-seekers and readers." —Library Journal "One of the really remarkable books of our day"—the story of the Roman emperor on which the award-winning BBC TV series was based (The New York Times). Once a rather bookish young man with a limp and a stammer, a man who spent most of his time trying to stay away from the danger and risk of the line of ascension, Claudius seemed an unlikely candidate for emperor. Yet, on the death of Caligula, Claudius finds himself next in line for the throne, and must stay alive as well as keep control. Drawing on the histories of Plutarch, Suetonius, and Tacitus, noted historian and classicist Robert Graves tells the story of the much-maligned Emperor Claudius with both skill and compassion. Weaving important themes throughout about the nature of freedom and safety possible in a monarchy, Graves's *Claudius* is both more effective and more tragic than history typically remembers him. A bestselling novel and one of Graves' most successful, *I, Claudius* has been adapted to television, film, theatre, and audio. "[A] legendary tale of Claudius . . . [A] gem of modern literature." —Publishers Weekly (starred review) First published in 1938, *Count Belisarius* is one of Robert Graves's most consistently popular novels. A historical romance of the sixth century AD, this tells the story of Belisarius, the last of the great generals of the Roman Empire, who reconquered Africa and Italy for the emperor in Constantinople, only to be rewarded with suspicion and humiliation. *Lawrence and the Arabs* also tells of a military hero, but one whom Graves knew personally and who was still living when this first authorized biography was published in 1927. Both as an attempt to tell the story of the Arab Revolt and Lawrence's place in it, and as an installment in the growth of the legend of Lawrence of Arabia, it is an important historical and literary document. Read together, these books show Graves exploring the nature of heroism in a world grown profoundly suspicious of heroes. The *I, Claudius* author's "lightning sharp interpretations and insights . . . are here brought to bear with equal effectiveness on the Book of Genesis" (Kirkus Reviews). This is a comprehensive look at the stories that make up the Old Testament and the Jewish religion, including the folk tales, apocryphal texts, midrashes, and other little-known documents that the Old Testament and the Torah do not include. In this exhaustive study, Robert Graves provides a fascinating account of pre-Biblical texts that have been censored, suppressed, and hidden for centuries, and which now emerge to give us a clearer view of Hebrew myth and religion than ever. Venerable classicist and historian Robert Graves recounts the ancient Hebrew stories, both obscure and familiar, with a rich sense of storytelling, culture, and spirituality. This book is sure to be riveting to students of Jewish or Judeo-Christian history, culture, and religion. Threatened by invaders on all sides, the Roman Empire in the sixth century fought to maintain its borders. Leading its defense was the Byzantine general Belisarius, a man who earned the grudging respect of his enemies, and who rose to become the Emperor Justinian's greatest military leader. Loosely based on Procopius' *History of the Justinian Wars* and *Secret History*, this novel tells the general's story through the eyes of Eugenius, a eunuch and servant to the general's wife. It presents a compelling portrait of a man bound by a strict code of honor and unrelenting loyalty to an emperor who is intelligent but flawed, and whose decisions bring him to a tragic end. Eminent historical novelist and classicist Robert Graves presents a vivid account of a time in history both dissolute and violent, and demonstrates once again his mastery of this historical period. Historical novel of the American revolution as seen by a sergeant in the British army. *Homer's Daughter* is Robert Graves' novel of the girl, Nausicaa, a character in the *Odyssey*, who Graves believed was a its true author (not the blind and bearded Homer, whose *Iliad* was composed at least 150 years before...). That Homer did not write the *Odyssey* continues to be a bold historical and literary claim. Add to it Graves's protofeminist heroine, and a radical modern classic is born. In his Historical Note, Graves says the novel "re-creates, from internal and external evidence, the circumstances which induced Nausicaa to write the *Odyssey*, and suggest how, as an honorary Daughter of Homer, she managed to get it included in the official canon. "Here is the story of a high-spirited and religious-minded Sicilian girl who saves her father's throne from usurpation, herself from a distasteful marriage, and her two younger brothers from butchery by boldly making things happen, instead of sitting still and hoping for the best." Seven Stories' Robert Graves Project spans 14 titles, and includes fiction and nonfiction, adult, young adult and children's books, in a striking new uniform design, with new introductions and afterwords. *Homer's Daughter* joins our recent re-publication of *The Reader Over Your Shoulder* and *Ann at Highwood Hall* on our Triangle Square Books for Young Readers list. Among the works still to come are *Count Belisarius*, *Hebrew Myths*, and *Lawrence and the Arabs*. The online partner for the Robert Graves Project is RosettaBooks The author of *I, Claudius* reimagines the Trojan War for the young reader. "The writing is clear, straightforward, and, in places, poetic" (Kirkus Reviews). The *Iliad* has it all: war, corruption, greed, power, and the passions of both gods and men. In this detailed retelling, Robert Graves draws the major characters of this timeless classic in broad, gritty strokes, making Agamemnon, Paris, Odysseus, and others accessible for young readers. Written with a younger audience in mind, *The Siege and Fall of Troy* is nevertheless exhaustively researched and compelling enough to be of interest to both students of history and adult readers. With humor, wit, and energy, Graves is expert at weaving a story based on exhaustive scholarly research and deep imaginative prowess. Written in the form of *Claudius'* autobiography, this is the first part of Robert Graves's account of the madness and debauchery of ancient Rome, and stands as one of the most celebrated, gripping historical novels ever written. This ancient biographical history of Roman rulers from Julius Caesar to Domitian is translated by the acclaimed classicists and author of *I, Claudius*. As personal secretary to Emperor Hadrian, the second century scholar Suetonius had unlimited access to the Roman Imperial archives. Drawing on this wealth of source material, he wrote a sweeping account of the lives of Rome's first twelve emperors. From the empire's most accomplished leaders, such as Julius Caesar and Augustus, to its most depraved and doomed rulers, such as Caligula and Nero, this ancient biographical study presents an enlightening and colorful picture of these historical figures from remote antiquity. This edition of *The Twelve Caesars* is translated from the Latin by the renowned classicist, historian, and historical novelist Robert Graves. With his expertise in classical history and talent for telling a lively story, Graves presents an excellent translation that makes this classic work accessible to modern audiences Pontius Pilate arrived in Judaea in the year 26, sent to collect taxes and oversee the firm

establishment of Roman law. His ten-year term was a time of relative peace in this fractious new outpost of the Roman Empire, where violence was not uncommon. He was not loved and not quite feared, and might have vanished into obscurity had he not come to preside, with some reluctance, over the most famous trial in history. In this brilliant biography, a finalist for the Samuel Johnson Prize and a masterpiece of scholarship and imagination, Ann Wroe brings Pilate and his world to life. Working from classical sources, she reconstructs his origins and upbringing, his career in the military and life in Rome, his confrontation with Christ, and his long journey home. We catch glimpses of him pacing the marble floors in Caesarea, sharpening his stylus, getting dressed shortly before sunrise on the day that would seal his place in history. What were the pressures on Pilate that day? What did he really think of Jesus? Pontius Pilate lets us see Christ's trial for the first time, in all its confusion, from the point of view of his executioner. Pontius Pilate is a historical figure, like Cleopatra and Alexander, who has been endlessly mythologized through the ages. For some he is a saint, for others the embodiment of human weakness, an archetypal politician willing to sacrifice one man for the sake of stability. Each generation has pressed onto Pilate the imprint of its anxieties and its faith. He has haunted—and continues to haunt—our imagination. From the Evangelists and the Copts (for whom he was a saint, martyred himself on the Cross) to more recent philosophers, artists, novelists, and politicians, Pilate has been resurrected in different guises for two thousand years. Ann Wroe brings man and myth to life in a book that expands the possibilities of the biographical form and deepens our understanding of the mysteries of faith. It has often been said that Pontius Pilate was fingered by God to carry out the divine plan of salvation, just as clearly as Christ was. Ann Wroe shows how, in his hesitation before God, in his skepticism, his anxiety to do his job and exonerate himself of guilt, Pilate's story is very much our own. A military history of the campaigns of Belisarius, the greatest general of the Eastern Roman (Byzantine) Emperor Justinian. He twice defeated the Persians and reconquered North Africa from the Vandals in a single year at the age of 29, before going on to regain Spain and Italy, including Rome (briefly), from the barbarians. It discusses the evolution from classical Roman to Byzantine armies and systems of warfare, as well as those of their chief enemies, the Persians, Goths and Vandals. It reassesses Belisarius' generalship and compares him with the likes of Caesar, Alexander and Hannibal. It is illustrated with line drawings and battle plans as well as photographs. *Theodora: Actress, Empress, Whore*, Stella Duffy's chronicle of this amazing woman's early years, delighted readers with its exquisite blend of historical detail and vivid storytelling. Now, *The Purple Shroud* chronicles Theodora at the height of her power, bringing the ancient world alive in another unforgettable, epic saga. Theodora and Justinian have been crowned Emperor and Empress, but ruling an empire is no easy task. The two factions of Christianity are still battling for dogmatic supremacy, the Empire's borders are not secure, and Theodora worries about the ambitions of Justinian's two best generals. But the most pressing concern is close to home: Constantinople's two factions, the Blues and the Greens, are beginning to unite in their unhappiness with rising taxes. When that unhappiness spills over into all-out violence, thousands are killed (including someone very close to Theodora) and many of the City's landmarks are destroyed, including Theodora's beloved Hagia Sophia. In the aftermath of the riots, Theodora guides Justinian in gaining back the love and trust of the people, her unerring instinct for what the people want proving invaluable. Justinian promises to rebuild the Hagia Sophia to be even more spectacular than before. Theodora comes to realize that being the Augusta is simply another role she must play, though the stakes are much higher and there is no offstage. It's a role she was born to play. A sanctioned biography of T. E. Lawrence, known popularly as "Lawrence of Arabia," this work by the eminent Robert Graves attempts to provide a fair and balanced treatment of the man. Based on interviews with Lawrence and his close associates, this account clearly displays its authenticity. The first millennium saw a rich and distinctive artistic tradition form in Europe. While books had long been central to the Christian religious tradition, education, and culture, they now became an important artistic medium, sometimes decorated with brilliant colours and precious metals. Lawrence Nees explores issues of artist patronage, craftsmanship, holy men and women, monasteries, secular courts, and the expressive and educational roles of artistic creation. He discusses early Christian art within the late Roman tradition, and the arts of the newly established kingdoms of northern Europe not as opposites, but as different aspects of a larger historical situation. This approach reveals the onset of an exciting new visual relationship between the church and the populace throughout medieval Europe, restoring a previously marginalized subject to a central status in our artistic and cultural heritage. Many men killed Julius Caesar. Only one man was determined to kill the killers. From the spring of 44 BC through one of the most dramatic and influential periods in history, Caesar's adopted son, Octavian, the future Emperor Augustus, exacted vengeance on the assassins of the Ides of March, not only on Brutus and Cassius, immortalized by Shakespeare, but all the others too, each with his own individual story. The last assassin left alive was one of the lesser-known: Cassius Parmensis was a poet and sailor who chose every side in the dying Republic's civil wars except the winning one, a playwright whose work was said to have been stolen and published by the man sent to kill him. Parmensis was in the back row of the plotters, many of them Caesar's friends, who killed for reasons of the highest political principles and lowest personal piques. For fourteen years he was the most successful at evading his hunters but has been barely a historical footnote—until now. *The Last Assassin* dazzlingly charts an epic turn of history through the eyes of an unheralded man. It is a history of a hunt that an emperor wanted to hide, of torture and terror, politics and poetry, of ideas and their consequences, a gripping story of fear, revenge, and survival. In this sequel to *I, Claudius*, the story of the Roman Emperor—on which the award-winning BBC TV series was based—continues . . . In *I, Claudius*, Robert Graves began the story of the limping, stammering young man who is suddenly thrust onto the throne after the death of Caligula. In *Claudius the God*, Graves continues the story, detailing Claudius's thirteen-year reign and his ultimate downfall. Painting the vivid, tumultuous, and decadent society of ancient Rome with spectacular detail, Graves provides a tale that is instructive, compelling, and difficult to put down for both casual readers and students of Roman history.

If you ally dependence such a referred **Count Belisarius Robert Graves** book that will provide you worth, get the utterly best seller from us currently from several preferred authors. If you want to hilarious books, lots of novels, tale, jokes, and more fictions collections are after that launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all book collections **Count Belisarius Robert Graves** that we will extremely offer. It is not more or less the costs. Its more or less what you dependence currently. This **Count Belisarius Robert Graves**, as one of the most operational sellers here will completely be among the best options to review.

This is likewise one of the factors by obtaining the soft documents of this **Count Belisarius Robert Graves** by online. You might not require more era to spend to go to the ebook launch as with ease as search for them. In some cases, you likewise do not discover the notice **Count Belisarius Robert Graves** that you are looking for. It will no question squander the time.

However below, in the manner of you visit this web page, it will be therefore definitely simple to acquire as well as download guide **Count Belisarius Robert Graves**

It will not take many epoch as we tell before. You can pull off it even though perform something else at home and even in your workplace. thus easy! So, are you question? Just exercise just what we manage to pay for under as with ease as evaluation **Count Belisarius Robert Graves** what you later to read!

Thank you totally much for downloading **Count Belisarius Robert Graves**. Maybe you have knowledge that, people have see numerous time for their favorite books taking into account this **Count Belisarius Robert Graves**, but end up in harmful downloads.

Rather than enjoying a good PDF similar to a cup of coffee in the afternoon, instead they juggled next some harmful virus inside their computer.

Count Belisarius Robert Graves is approachable in our digital library an online right of entry to it is set as public in view of that you can download it instantly. Our digital library saves in compound countries, allowing you to get the most less latency time to download any of our books later this one. Merely said, the Count Belisarius Robert Graves is universally compatible considering any devices to read.

As recognized, adventure as without difficulty as experience virtually lesson, amusement, as well as conformity can be gotten by just checking out a books **Count Belisarius Robert Graves** as a consequence it is not directly done, you could say you will even more roughly this life, in relation to the world.

We offer you this proper as capably as easy way to acquire those all. We come up with the money for Count Belisarius Robert Graves and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this Count Belisarius Robert Graves that can be your partner.
