In the Five Hundred Kingdoms, if you can't carry out your legendary role, life is no fairy tale.... Elena Klovis was supposed to be her kingdom's Cinderella—until fate took that future away from her, and she set out to make a new life for herself. But breaking with "The Tradition" that guides the kingdoms comes with a cost—one that could leave her powerless and destitute. Until, that is, her fairy godmother intervenes and offers her a most unexpected job... to become her apprentice, and learn the ways of magic. Now, instead of sleeping in the chimney, Elena must guide others along their own fated paths. And, of course, deal with arrogant, stuffed-shirt princes who keep trying to rise above their place. But when she finds herself falling for someone completely unexpected, she begins to question where her own path will lead her—and whether she's willing to take fate into her own hands. Sometimes a fairy godmother's work is never done... Read the Tale of Five Hundred Kingdoms Series by Mercedes Lackey: Book 1: The Fairy Godmother Book 2: One Good Knight Book 3: Fortune's Fool Book 4: The Snow Queen Book 5: The Sleeping Beauty Book 6: Beauty and the Werewolf "This is a beautiful farewell to two extraordinary people. It enthralled and moved me, and it will move and enthrall anyone who has ever entered the glorious literary world of Gabriel García Márquez."—Salman Rushdie "In A Farewell to Gabo and Mercedes Rodrigo Garcia finds the words that cannot be said, the moments that signal all that is possible to know about the passage from life to death, from what love brings and the loss it leaves. With details as rich as any giant biography, you will find yourself grieving as you read, grateful for the profound art that remains a part of our cultural heritage."—Walter Mosley, New York Times bestselling author of *Down the River Unto the Sea* "An intensely personal reflection on [Garcia's] father's legacy and his family bonds, tender in its treatment and stirring in its brevity."—Booklist (starred review) The son of one of the greatest writers of our time—Nobel Prize winner and internationally bestselling icon Gabriel García Márquez—remembers his beloved father and mother in this tender memoir about love and loss. In March 2014, Gabriel García Márquez, one of the most acclaimed writers of the twentieth century, came down with a cold. The woman who had been beside him for more than fifty years, his wife Mercedes Barcha, was not hopeful; her husband, affectionately known as "Gabo," was then nearly 87 and battling dementia. I don't think we'll get out of this one, she told their son Rodrigo. Hearing his mother's words, Rodrigo wondered, "Is this how the end begins?" To make sense of events as they unfolded, he began to write the story of García Márquez's final days. The result is this intimate and honest account that not only contemplates his father's mortality but reveals his remarkable humanity. Both an illuminating memoir and a heartbreaking work of reportage, *A Farewell to Gabo and Mercedes* transforms this towering genius from literary creator to protagonist, and paints a rich and revelatory portrait of a family coping with loss. At its center is a man at his most vulnerable, whose wry humor shines even as his lucidity wanes. Gabo savors affection and attention from those in his orbit, but wrestles with what he will lose—and what is already lost. Throughout his final journey is the charismatic Mercedes, his constant companion and the creative muse who was one of the foremost influences on Gabo's life and his art. Bittersweet and insightful, surprising and powerful, *A Farewell to Gabo and Mercedes* celebrates the formidable legacy of Rodrigo's parents, offering an unprecedented look at the private family life of a literary giant. It is at once a gift to Gabriel García Márquez's readers worldwide, and a grand tribute from a writer who knew him well. "You read this short memoir with a feeling of deep gratitude. Yes, it is a moving homage by a son to his extraordinary parents, but also much more: it is a revelation of the hidden corners of a fascinating life. *A Farewell to Gabo and Mercedes* is generous, unsentimental and wise."—Juan Gabriel Vásquez, author of *The Sound of Things Falling* "A warm homage filled with both fond and painful memories."—Kirkus "Garcia's limpid prose gazes calmly at death, registering pain but not being overcome by it. . . the result is a moving eulogy that will captivate fans of the literary lion."—Publishers Weekly *Gracianna* is swept into the escalation of World War II and the Nazi occupation of France in the early 1940s. When Gracianna discovers that her missing sister is a laborer at Auschwitz, she finds the opportunity to free her sister even knowing that she must use lethal force. Mags travels to the Bastion, the fortress where his parents were murdered, in search of his parents' identity and a possible explanation for being pursued by Valdemar's enemies. Perfect for fans of Sarah J. Maas and Leigh Bardugo, this romantic fantasy adventure will leave you hungry for more. The hunt is on. But who is the hunter and who is the hunted? Ayleth and Terryn survived the Witchwood, but they're no closer to solving the mystery of the dead shade hunter. In their quest for answers, they discover that a witch has escaped through the Great Barrier and is leaving a trail of corpses in her wake. A murderous witch is only one of Ayleth's problems, however. Terryn, her infuriating and intriguing rival, will give his all to win their competition. And Kephan, their Outpost Master, conceals more than one dangerous secret. Worst of all, while pursuing a lead, Ayleth finds herself on the hunt for a three-year-old girl . . . a girl possessed by a unique and powerful shade. Suddenly, Ayleth must question the teachings of her Holy Order. Is it always right to kill humans possessed by shades? Even a child? Return to the world of *The Venatrix Chronicles*, where deadly spirits lurk in the shadows, good and evil wage eternal war, and secrets threaten to tear a kingdom apart. If you love kick-butt heroines, slow-burn romance, breathtaking action, and stories that leave you with a book hangover for days after you finish . . . you need to discover this dark and deadly series. Prepare to turn pages late into the night *Poisoned*. *Trapped*. At the mercy of a ghost . . . She can handle this. A month into her competition with Venator Terryn, Ayleth seems no closer to winning the Golden Prince's trust. Why else would he call Terryn to serve at the castle on some secret mission, leaving Ayleth to manage the borough on her own? No matter. She'll prove her worth to the prince come what may. Plenty of mysteries plague the land under her protection . . . including the mystery of Terryn himself and the strange, dangerous talisman he's been keeping hidden in his room. Her search for answers soon finds Ayleth on the trail of her deadliest foe yet. A ghost from the prince's past has returned to haunt the present, possessed of a powerful phantom shade capable of walking the dark paths of the Haunts. Ayleth is totally outmatched and unprepared to face such an enemy alone. But when has she ever backed down from a fight? Welcome back to a world where enemies and friends can be difficult to distinguish, where angels are deadly and demons desirable, and shadows of the past loom dark across the future. If you like your heroines brave, your heroes tormented, and your action non-stop, try *The Venatrix Chronicles* today! What would you give to be a dragon rider? The writing, especially the dialogue, is magnetic, honest, and brimming with caustic wit... [an] enrapturing take on the intense highs and lows of teenage love." —Booklist (Starred Review) "Wildly real and bursting with all the romance and pain of coming into oneself." —Kirkus (Starred Review) "Helnwein frankly conveys the joy, fear, and awkwardness of an all-consuming first love, poignantly depicting Gracie's growth: particularly the hard-won knowledge that she can exist 'just by the sheer force of herself,' and the grace she learns to show herself and others." —Publishers Weekly "One of Eight 2021 YA Books To TBR ASAP" —BookRiot Mercedes Helnwein's *Slingshot* is an exciting debut contemporary young adult novel perfect for fans of Rainbow Rowell and Mary H. K. Choi "I didn't think it was going to be anything like this when I finally fell in love. I thought it was going to be pretty simple. Like, I'd love someone and they'd love me. I thought that's the way it worked." Grace Welles is stuck at a third-tier boarding school in the swamps of Florida, where her method of survival is a strict, self-imposed loneliness. And it works. Because with Wade around, school rules are optional, weird is okay, and conversations about wormholes can lead to make-out sessions that disrupt any logical stream of thought. Nothing's perfect, but that's not the point. When they're together everything seems uncomplicated in a way that Grace knows is not possible. Except it is. So why does Grace crush Wade's heart into a million pieces? Acidly funny and compulsive readable, this debut is a story about two people finding each other and then screwing it all up. Mercedes Lackey's magical Elemental Masters series recasts familiar fairy tales in a richly-imagined alternate Victorian world Eleanor Robinson's life had shattered when Father volunteered for the Great War, leaving her alone with a woman he had just married. Then the letter came that told of her father's death in the trenches and though Eleanor thought things couldn't get any worse, her life took an even more bizarre turn. Dragged to the hearth by her stepmother Alison, Eleanor was forced to endure a painful and frightening ritual during which the smallest finger of her left hand was severed and buried beneath a hearthstone. For her stepmother was an Elemental Master of Earth who practiced the darker blood-fueled arts. Alison had bound Eleanor to the hearth with a spell that prevented her from leaving home, caused her to fade from people's memories, and made her into a virtual slave. Months faded into years for Eleanor, and still the war raged. There were times she felt she was losing her mind—times she seemed to see faces in the hearth fire. Reginald Fenyx was a pilot. He lived to fly, and whenever he returned home on break from Oxford, the youngsters of the town would turn out to see him lift his aeroplane—a frail ship of canvas and sticks—into the sky and soar through the clouds. During the war, Reggie had become an acclaimed air ace, for he was an Elemental Master of Air. His Air Elementals had protected him until the fateful day when he had met another of his kind aloft, and nearly died. When he returned home, Reggie was a broken man plagued by shell shock, his Elemental powers vanished. Eleanor and Reginald were two souls scourged by war and evil magic. Could they find the strength to help one another rise from the ashes of their destruction? Fashion is a business of smoke and mirrors, notorious for crushing the souls of most that dare to be part of the industry. Go on a global expedition with New York City-based fashion buyer, strategist, and consultant, Mercedes Gonzalez, as she learns that there is no glamor in fashion and that only cut throat corporate espionage prevails. From politicking with blood diamond dealers and Russian kingpins to living in indigenous villages, she has relied on her street smarts and fear of her uncle in order to outwit the industry tyrants at their own game. The underdog becomes the overlord (at-large). You'll want to grab a notebook for all the business (and life) tips this read has to offer. Advance warning, this book will convince you to become a proponent of child labor, an advocate of GMO, and a cynic of organic cotton. Mags, Lena, and Bear continue on their individual quests as they work to attain the status of full Heralds, Bards, and Healers of Valdemar. Betrayal surrounds her. Doom beckons her. Yet she will hunt one last time. Captured, heartbroken, shackled in torturous iron mittens that keep her shade deeply suppressed, Ayleth knows Fendrel keeps her alive for one purpose: She is his only remaining weapon against the resurrected Dread Odile. Once her task is complete, she will be executed. It's as simple as that. But Ayleth isn't about to give in that easily. Meanwhile, Gerard is held prisoner in his own castle by his uncle's orders--Fendrel must keep his nephew alive in order to force the ancient prophecy into completion. However, Gerard sees a different path before him, and he is resolved to follow it to the end. As the forces of the Witch Queen wreak havoc across the land, can Ayleth and Gerard come to terms with the truth of their pasts . . . and face their destinies with courage? Don't miss the penultimate adventure in the breathtaking Venatrix Chronicles! His name is Lavan Firestorm, a young man blessed—and cursed—with a special talent for firestarting. After twelve years of secret training, Atticus O'Sullivan is finally ready to bind his apprentice, Granuaile, to the earth and double the number of Druids in the world. Having no other choice, Atticus, his trusted Irish wolfhound, Oberon, and Granuaile travel to the base of Mount Olympus, where the Roman god Bacchus is anxious to take his sworn revenge—but he'll have to get in line behind an ancient vampire, a band of dark elves, and an old god of mischief, who all seem to have KILL THE DRUID at the top of their to-do lists. AVAILABLE FOR THE FIRST TIME IN eBook! A man returns to the town where a baffling murder took place 27 years earlier, determined to get to the bottom of the story. Just hours after marrying the beautiful Angela Vicario, everyone agrees, Bayardo San Roman returned his bride in disgrace to her parents. Her distraught family forced her to name her first lover; and her twin brothers announced their intention to murder Santiago Nasar for dishonoring their sister. Yet if everyone knew the murder was going to happen, why did no one intervene to stop it? The more that is learned, the less is understood, and as the story races to its inexplicable conclusion, an entire society—not just a pair of murderers—is put on trial. Gabriel García Márquez was born in Colombia in 1927. He was awarded the Nobel Prize in Literature in 1982. He is the author of many works of fiction and nonfiction, including One Hundred Years of Solitude, Love In The Time Cholera, The Autumn Of The Patriarch, The General In His Labyrinth, and News Of A Kidnapping. He died in 2014. In this “razor-sharp” and “dangerously hilarious” novel that “hooks readers from the beginning” (Los Angeles Times), a trans woman reenters life on the outside after more than twenty years in a men's prison, over one consequential Fourth of July weekend—from the author of the PEN/Faulkner Award winner Delicious Foods. Carlotta Mercedes has been misunderstood her entire life. When she was pulled into a robbery gone wrong, she still went by the name she'd grown up with in Fort Greene, Brooklyn—before it gentrified. But not long after her conviction, she took the name Carlotta and began to live as a woman, an embrace of selfhood that prison authorities rejected, keeping Carlotta trapped in an all-male cell block, abused by both inmates and guards, and often placed in solitary. In her fifth appearance before the parole board, Carlotta is at last granted conditional freedom and returns to a much-changed New York City. Over a whirlwind Fourth of July weekend, she struggles to reconcile with the son she left behind, to reunite with a family reluctant to accept her true identity, and to avoid any minor parole infraction that might get her consigned back to lockup. Written with the same astonishing verve of Delicious Foods, which dazzled critics and readers alike, Didn't Nobody Give a Shit What Happened to Carlotta sweeps the reader through seemingly every street of Brooklyn, much as Joyce's Ulysses does through Dublin. The novel sings with brio and ambition, delivering a fantastically entertaining read and a cast of unforgettable characters even as it challenges us to confront the glaring injustices of a prison system that continues to punish people long after their time has been served. Mags was once an enslaved orphan living a harsh life in the mines, until the King's Own Herald discovered his talent and trained him as a spy. Now a Herald in his own right, at the newly established Heralds' Collegium, Mags has found a supportive family, including his Companion Dallen. Although normally a Herald in his first year of Whites would be sent off on circuit, Mags is needed close to home for his abilities as a spy and his powerful Mindspeech gift. There is a secret, treacherous plot within the royal court to destroy the Heralds. The situation becomes dire after the life of Mags' mentor, King's Own Nikolas, is imperiled. His daughter Amily is chosen as the new King's Own, a complicated and dangerous job that is made more so by this perilous time. Can Mags and Amily save the court, the Heralds, and the Collegium itself? In Mercedes Lackey's Firebird, Ilya, son of a Russian prince, is largely ignored by his father and tormented by his larger, older brothers. His only friends are three old people: a priest, a magician, and a woman who toils in the palace dairy. From them Ilya learns faith, a smattering of magic, and the power of love—all of which he will need desperately, for his life is about to be turned upside-down. The prince's magnificent cherry orchard is visited at midnight by the legendary Firebird, whose wings are made of flame. Ilya's brothers' attempts to capture the magical creature fail. When Ilya tries to catch the Firebird, he sees her as a beautiful woman and earns a magical gift: the speech of animals. Banished, the young man journeys through a fantastical Russia full of magical mazes, enchanted creatures, and untold dangers. As happens in the best fairy tales, Ilya falls in love with an enchanted princess, but to win her freedom will be no easy task. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. When Max Sumner and three friends play a magical card game called Round Table, they realize that it is up to them to prevent the wicked creatures of the cards from destroying their town, indeed, their world. The sequel to the bestseller The Elvenbane Venatrix Ayleth made a vow of loyalty to her Holy Order. But is the Order loyal to Ayleth? Still recovering from her deadly encounter with the Phantomwitch, Ayleth finds herself the unwilling guest of the Golden Prince, forced to enjoy his hospitality . . . and the not-so-gentle ministrations of Venator Fendrel du Glaive. There's something strange about Fendrel. The way he stares at her is unsettling—as though she's a monster, as though she's guilty of some great sin. But didn't she just defeat one of the worst enemies the kingdom has ever known? Hasn't she proven her worth? And then there's Terryn, who may be lying to her, who may not be the loyal venator everyone believes him to be. He also looks at her strangely . . . but his gaze makes her heart stop and her pulse race in ways she's never felt before. As the night of Prince Gerard's wedding approaches and the kingdom gathers to celebrate new beginnings, dark forces close in on all sides. Certain secrets, long buried deep, are bound to emerge at last. When they do, will Ayleth have the strength to stand and fight? Don't miss the newest installment in the bestselling Venatrix Chronicles, coming January 2020! Book 5 is following in March 2020. This series must be read in order.
