The Great War in the Heart of Dixie Jan 12 2022 There has been much scholarship on how the U.S. as a nation reacted to World War I, but few have explored how Alabama responded. Did the state follow the federal government's lead in organizing its resources or did Alabamians devise their own solutions to unique problems they faced? How did the state's cultural institutions and government react? What changes occurred in its economy and way of life? What, if any, were the long-term consequences in Alabama? The contributors to this volume address these questions and establish a base for further investigation

of the state during this era. Contributors: David Alsobrook, Wilson Fallin Jr., Robert J. Jakeman, Dowe Littleton, Martin T. Olliff, Victoria E. Ott, Wesley P. Newton, Michael V. R. Thomason, Ruth Smith Truss, and Robert Saunders Jr.

Blount County, Alabama Cemeteries, Volume 1 Sep 20 2022 Blount County was carved out of the territory ceded to the State by the Creek Indians following their defeat at the Battle of Horseshoe Bend. The earliest settlers began streaming into the former wilderness as early as 1817. Blount was originally a large county, but over the decades pieces were taken to make up other adjoining counties such as Jefferson, Marshall, Etowah, and Cullman. Every cemetery within the contemporary boundaries of Blount was visited by the author and each readable tombstone was copied to develop the contents of this three volume series. Most of the cemeteries were read in 2002. Volume 1 covers alphabetically A through H, beginning with the Alldredge Family Cemetery and concluding with the High Rock Methodist Church Cemetery. This book is vital to any serious student of Blount County genealogy and history.

Butterflies of Alabama Dec 11 2021 A richly illustrated guide to the 84 known species of "true" butterflies living within the state's borders--Back cover.

Blount County, Alabama Confederate Soldiers, Volume 1: Cavalry Aug 19 2022 Mary Gordon Duffee wrote in 1892: "When the drums beat, and the bugles called for men to march to the front, I tell you old Blount responded nobly, and sent hundreds of her gallant sons to march, fight, suffer and die for the flag that now lies furled forever." This series of books identifies Confederate soldiers who enlisted from the Blount County area, plus those who moved to Blount County after the Civil War. Company rosters are captured and service records, pension applications, birth dates, spouses and marriage dates, newspaper clippings and obituaries, and pictures are contained in these volumes. This is the first time ever all this information has been available in a single reference book. Cavalry companies examined here include: 12th Alabama Cavalry, Companies B and C; 2nd Kentucky Cavalry, Company G; Lewis Battalion Alabama Cavalry, Companies B and E; Graves, Barbieri, and Stewart's Alabama Cavalry; Holloway's Escort; and the 3rd Confederate Cavalry, Company D.

Stars of Alabama Mar 02 2021 In this heartfelt tale about enduring hope amid the suffering of the Great Depression, Sean Dietrich--also known as Sean of the South--weaves together a tale featuring a cast of characters ranging from a child preacher, a teenage healer, and two migrant workers who give everything they have for their chosen family. When fifteen-year-old Marigold becomes pregnant during the Great Depression, she is rejected by her family and forced to fend for herself. She is arrested while trying to steal food and loses her baby in the forest, turning her whole world upside down. She's even more

distraught upon discovering she has an inexplicable power to heal, making her a sought-after local legend. Meanwhile, middle-aged migrant workers Vern and Paul discover a violet-eyed baby abandoned in the woods and take it upon themselves to care for her. The men continue their search for work and soon pair up with a poverty-stricken widow, plus her two children, and the misfit family begins taking care of each other. As survival brings this chosen family together, a young boy finds himself without a friend to his name as the dust storms rage across Kansas. Fourteen-year-old Coot, a child preacher, is on the run from his abusive tent-revival pastor father with thousands of stolen dollars—and the only thing he's sure of is that Mobile, Alabama, is his destination. In a sweeping saga with a looming second world war, these stories intertwine in surprising ways, reminding us that when the dust clears, we can still see the stars. Stand-alone Southern historical fiction set during the Great Depression Book length: approximately 98,000 words Includes discussion questions for book clubs Also by Sean Dietrich: *The Incredible Winston Browne*

Speaking of Alabama May 24 2020 Informative and entertaining essays on the accents, dialects, and speech patterns particular to Alabama Thomas E. Nunnally's fascinating volume presents essays by linguists who examine with affection and curiosity the speech varieties occurring both past and present across Alabama. Taken together, the accounts in this volume offer an engaging view of the major features that characterize Alabama's unique brand of southern English. Written in an accessible manner for general readers and scholars alike, Speaking of Alabama includes such subjects as the special linguistic features of the Southern drawl, the "phonetic divide" between north and south Alabama, "code-switching" by African American speakers in Alabama, pejorative attitudes by Alabama speakers toward their own native speech, the influence of foreign languages on Alabama speech to the vibrant history and continuing influence of non-English languages in the state, as well as ongoing changes in Alabama's dialects. Adding to these studies is a foreword by Walt Wolfram and an afterword by Michael B. Montgomery, both renowned experts in southern English, which place both the methodologies and the findings of the volume into their larger contexts and point researchers to needed work ahead in Alabama, the South, and beyond. The volume also contains a number of useful appendices, including a guide to the sounds of Southern English, a glossary of linguistic terms, and online sources for further study. Language, as presented in this collection, is never

abstract but always examined in the context of its speakers' day-to-day lives, the driving force for their communication needs and choices. Whether specialist or general reader, Alabamian or non-Alabamian, all readers will come away from these accounts with a deepened understanding of how language functions between individuals, within communities, and across regions, and will gain a new respect for the driving forces behind language variation and language change.

Alabama Slave Narratives Nov 22 2022 The view that slavery could best be described by those who had themselves experienced it personally has found expression in several thousand commentaries, autobiographies, narratives, and interviews with those who "endured." Although most of these accounts appeared before the Civil War, more than one-third are the result of the ambitious efforts of the Federal Writers' Project of the Works Progress Administration (WPA) to interview surviving ex-slaves during the 1930s. The result of these efforts was the *Slave Narrative Collection*, a group of autobiographical accounts of former slaves that today stands as one of the most enduring and noteworthy achievements of the WPA. Compiled in seventeen states during the years 1936-38, the collection consists of more than two

thousand interviews with former slaves, most of them first-person accounts of slave life and the respondents' own reactions to bondage. The interviews afforded aged ex-slaves an unparalleled opportunity to give their personal accounts of life under the "peculiar institution," to describe in their own words what it felt like to be a slave in the United States. -Norman R. Yetman, *American Memory*, Library of Congress This paperback edition of selected Alabama narratives is reprinted in facsimile from the typewritten pages of the interviewees, just as they were originally typed.

Winston County, Alabama Cemeteries, Volume 1 Sep 08 2021 The cemeteries of Winston County contain the ancestors of the descendants who populate the county. They contain the remains of the earliest settlers, Civil War soldiers, early county officials and politicians, merchants, tradesmen, farmers, and their families. Without their successful efforts to carve an existence out of the Winston County wilderness, the rest of us would not be here. Much of the history of the county was written on the old tombstones found across the county. Volume I of this two volume series alphabetically covers Winston County Cemeteries A through L beginning with the Addison Church of God Cemetery and ending with the Liberty Grove Missionary Baptist Church Cemetery. The book contains dozens of pictures of the cemeteries plus hundreds of annotations which include sites of unmarked graves mentioned in newspaper accounts plus the company and unit of every known Civil War era soldier, both Union and Confederate. The book concludes with a full name index.

Alabama Quilts Mar 22 2020 Winner of the 2022 James F. Sulzby Book Award from the Alabama Historical Association Alabama Quilts: Wilderness through World War II, 1682-1950 is a look at the quilts of the state from before Alabama was part of the Mississippi Territory through the Second World War—a period of 268 years. The quilts are examined for their cultural context—that is, within the community and time in which they were made, the lives of the makers, and the events for which they were made. Starting as far back as 1682, with a fragment that research indicates could possibly be the oldest quilt in America, the volume covers quilting in Alabama up through 1950. There are seven sections in the book to represent each time period of quilting in Alabama, and each section discusses the particular factors that influenced the appearance of the quilts, such as migration and population patterns, socioeconomic conditions, political climate, lifestyle paradigms, and historic events. Interwoven in this narrative are the stories of individuals associated with certain quilts, as recorded on quilt documentation forms. The book also includes over 265 beautiful photographs of the quilts and their intricate details. To make this book possible, authors Mary Elizabeth Johnson Huff and Carole Ann King worked with libraries, historic homes, museums, and quilt guilds around the state of Alabama, spending days on formal quilt documentation, while also holding lectures across the state and informal “quilt sharings.” The efforts of the authors involved so many community people—from historians, preservationists, librarians, textile historians, local historians, museum curators, and genealogists to quilt guild members, quilt shop owners, and quilt owners—making Alabama Quilts not only a celebration of the quilting

culture within the state but also the many enthusiasts who have played a role in creating and sustaining this important art.

1997 Census of Agriculture. Volume 1, Geographic Area Series. Part 1, Alabama, State and County Data Jun 05 2021

Mrs. Wiggins Nov 29 2020 From the award-winning and New York Times bestselling author of the classic, captivating, and scandalous Mama Ruby series, comes a church-going matriarch's rags to riches Depression era story set in the Deep South. The respectable family she has built means everything to her, and she'll do anything to keep them. The daughter of a prostitute mother and an alcoholic father, Maggie Franklin knew her only way out was to marry someone upstanding and church-going. Someone like Hubert Wiggins, the most eligible man in Lexington, Alabama—and the son of its most revered preacher. Proper and prosperous, Hubert is glad to finally have a wife, even one with Maggie's background. For Hubert has a secret he desperately needs to stay hidden. And Maggie's unexpected charm, elegance, and religious devotion makes her the perfect partner in lies . . . Their surprising union makes the Wigginses the town's most envied couple—complete with a son, Claude, whom Maggie idolizes. Until he falls in love with the worst possible fiancée. Terrified, Maggie won't let Daisy destroy her

son. And when her employer's brother sexually harasses her, Maggie knows something needs to be done about him as well. In fact, she realizes there are an awful lot of sinning "disruptive" people who should be eliminated from her perfect world . . . But the more Maggie tries to take control, the more obstacles are thrown in her way. And when it seems like the one person she always expected to be there is starting to drift away, Maggie will play one final, merciless game to secure what she's fought so hard to earn . . . "Her willingness to do anything for her loved ones is relatable, and the emboldening influence of her desperation and the incremental gravity of her deceptiveness heighten the narrative's mesmerizing effect." –Booklist
