Notes from Qatar Jan 22 2023

Bahrain Through The Ages Apr 01 2021 First Published in 1993. Routledge is an imprint of Taylor & Francis, an informa company.

Jassim the Leader Nov 20 2022 The Gulf state of Qatar tops the Forbes list of the world's richest countries. In 2010, the country had the world's highest GDP per capita, and its reserves of oil and natural gas are vast. It has been estimated that Qatar will invest more than \$120 billion in the energy sector over the next ten years. Yet Qatar has climbed to this pinnacle of wealth and influence in a remarkably short time, and from a starting point of obscurity and insignificance. This astonishing transition is the direct result of the efforts nearly 200 years ago of one visionary man - Jassim bin Muhammad Bin Thani, known as 'the Leader'. Qatar in the 1830s was a fragmented region, a desert peninsula without security or borders, where coastal communities depended on pearling for survival, while constantly at the mercy of tribal raiders. Jassim's background in this precarious environment led to his understanding that the gap between tribal settled peoples must be bridged, and then to his harnessing of regional conflicts to create a unified Qatari state. Skilfully allying with Ottoman forces to fend off the British, Jassim established power in the newly rebuilt capital, Doha, eventually becoming the first leader of the new country. Little known outside Qatar, Jassim's extraordinary achievement cannot be understated. By the time of his death on the eve of the First World War, both the Ottomans and the British had recognised Qatar's autonomy, and the way was open for the country he had created to move steadily forward to its enviable economic position today.

Pregnancy and Miscarriage in Qatar Jun 22 2020 As the bearers of the next generation in one of the richest countries in the world, the social status of Qatari women is closely linked to their ability to have children. Women are expected to reflect the cultural and religious values attached to motherhood, and not having children puts women in a potentially vulnerable position. But Qatari women must also play an essential role in reflecting the country as a centre of Arab modernity, availing themselves of the new opportunities in work, politics and public life. This book explores the changing role of women in Qatari society and analyses how Qatari women navigate the competing expectations placed upon them. Based on original interviews with pregnant women and women who have experienced miscarriage - as well as interviews with doctors, religious scholars and family members - the book reveals how socio-cultural forces shape the way miscarriage is framed and experienced. It also reveals how intimate reproductive events are deeply entangled with broader societal and political issues. In exploring the themes of reproduction, motherhood and family relationships, this unique study sheds light on the values and beliefs circulating in Qatari society and how these are mapped on to women's bodies.

The Middle East and North Africa 2003 Feb 11 2022

Qatar Jul 24 2020 An overview of the Qatar's history, culture, politics, and geography.

The Gulf Cooperation Council States Feb 17 2020 Since the oil boom of the 1970s, the Gulf Cooperation Council States have attempted to achieve economic stability and realise their development goals. Such efforts have so far been in vain, however, as these states' autocratic governments have closed off their political systems with the support of international allies, especially the United States. In this timely and exhaustive analysis of the political economies of the GCC since the 1970s to the present, Yousef Khalifa Al-Yousef examines the factors responsible for the failure of the states to achieve lasting change in development and security. Focusing on institutional structures where oil wealth has been confined to the few, and the consequences of failed legitimacy at home that has led to dependence on foreign powers, Al-Yousef charts the consistent disparities between governance and the needs of the local population, to the detriment of genuine development. Al-Yousef concludes that the only way to ensure stability and growth in the region is to dismantle the alliance of autocracy, oil and foreign powers. Instead, democracy and reform are key to ensuring stability in the region.

Regional Information - Includes all major international organizations active in the region, their aims, activities, publications and principal personnel - Research Institutes specializing in the region - Bibliographies of books and periodicals covering the Middle East and North Africa.

Area Handbook for the Persian Gulf States Aug 25 2020

Changing Qatar Oct 15 2019 A cultural study of modern Qatar and how it navigates change and tradition Qatar, an ambitious country in the Arabian Gulf, grabbed headlines as the first Middle Eastern nation selected to host the FIFA World Cup. As the wealthiest country in the world—and one of the fastest-growing—it is known for its capital, Doha, which boasts a striking, futuristic skyline. In *Changing Qatar*, Geoff Harkness takes us beyond the headlines, providing a fresh perspective on modern-day life in the increasingly visible Gulf. Drawing on three years of immersive fieldwork and more than a hundred interviews, he describes a country in transition, one struggling to negotiate the fluid boundaries of culture, tradition, and modernity. Harkness shows how Qataris reaffirm—and challenge—traditions in many areas of everyday life, from dating and marriage, to clothing and humor, to gender and sports. A cultural study of citizenship in modern Qatar, this book offers an illuminating portrait that cannot be found elsewhere.

Slavery and Manumission Oct 07 2021 "I am a free-born woman, and not a slave of anyone," Manuy bint Khalfan, Speaking to a British Agency in Sharjah on 24th October 1938. Manuy bint Khalfan was a female slave who was sold and mortgaged several times before she finally escaped from her master.

The Europa World Year: Kazakhstan - Zimbabwe Oct 27 2020

The Ottomans in Qatar Dec 09 2021

Masters of the Pearl Jan 18 2020 Qatar is a country of spectacular contrasts: from pearl fishing, its main industry until the 1930s, to gas and oil, which generate immense wealth today; to famously being at the center of both triumph and controversy in recent years for hosting the 2022 FIFA World Cup. Almost a lifetime since he grew up in Qatar, Michael Quentin Morton writes about the country's colorful past and its astonishing present. The book is filled with stories about the people of this land: the tribes and the travelers, the seafarers and slaves—as much a part of Qatar's history as its rulers and their wealth. The opaque Arabian world guards its secrets well, but *Masters of the Pearl* penetrates the veil to shed light on a country that until now has defied explanation.

The Perfect Guide to the Sciences of the Qur'an May 22 2020 Suitable for a specialist in Quranic studies, this book shows how much Muslim scholars have devoted to the study of the Qur'an and how varied and diverse were the fields in which those studies were made.

The Power of Sovereignty Apr 20 2020 The Power of Sovereignty explores the religio-political and philosophical concepts of Sayyid Qutb, one of the most influential political thinkers for contemporary Islamists and who has greatly influenced the likes of Osama Bin Laden. Executed by the Egyptian state in 1966, his books continue to be read and his theory of jahiliyya 'ignorance' is still of prime importance for radical Islamic groups. Providing a detailed perspective of Sayyid Qutb's writings, this book examines: the relation between the specifics of the concept of hakimiyyah and that of jahiliyyah the force and intent of these two concepts how Qutb employs their specifics to critically assess the political establishments like nationalism and capitalism the influence of the two concepts on Egypt's radical Islamic movements, where many of al'Qa'ida's lieutenants, officers, ideologues and conspirators were fomented Shedding light on Islamic radicalism and its intellectual origins The Power of Sovereignty presents new analysis on the intellectual legacy of one of the most important thinkers of modern Islamic revival.

Notes From Qatar 2 Feb 23 2023 Muhammad Assad, M.Sc adalah seorang entrepreneur, pembicara internasional dan penulis buku-buku national bestseller. Assad menyelesaikan program S2 Islamic Finance di Hamad bin Khalifa University, Qatar dengan predikat summa cum-laude dan mendapat beasiswa penuh dari Emir Qatar, His Highness Sheikh Hamad bin Khalifa Al-Thani. Saat ini menjadi CEO Rayyan Capital, perusahaan pengelola keuangan dan investasi global; dan Chairman NFQ Group yang fokus membuat program-Program edukatif di bidang kepemudaan. Assad saat ini juga menjadi Duta Wakaf Al-Azhar bidang hubungan Internasional. Untuk menghubungi, melalui: assad@nfqgroup.com/@MuhammadAssad.

The Oxford Handbook of Arab Novelistic Traditions Mar 20 2020 The Oxford Handbook of Arab Novelistic Traditions is the most comprehensive treatment of the subject to date. In scope, the book encompasses the genesis of the Arabic novel in the second half of the nineteenth century and its development to the present in every Arabic-speaking country and in Arab immigrant destinations on six continents. Editor Wail S. Hassan and his contributors describe a novelistic phenomenon which has pre-modern roots, stretching centuries back within the Arabic cultural tradition, and branching outward geographically and linguistically to every Arab country and to Arab writing in many languages around the world. The first of three innovative dimensions of this Handbook consists of examining the ways in which the Arabic novel emerged out of a syncretic merger between Arabic and European forms and techniques, rather than being a simple importation of the latter and rejection of the former, as early critics of the Arabic novel claimed. The second involves mapping the novel geographically as it took root in every Arab country, developing into often distinct though overlapping and interconnected local traditions. Finally, the Handbook concerns the multilingual character of the novel in the Arab world and by Arab immigrants and their descendants around the world, both in Arabic and in at least a dozen other languages. The Oxford Handbook of Arab Novelistic Traditions reflects the current status of research in the broad field of Arab novelistic traditions and signals toward new directions of inquiry.

The Gulf States Dec 29 2020 The geopolitical importance of the Gulf region is a source both of great interest and great tension. David Commins here provides an in-depth narrative of the modern political history of the Gulf States, offering a comprehensive and accessible account of their recent development and strategic importance. This book sets out a detailed study of the region's history, starting from the empires and dynasties of the pre-modern era. Focusing primarily on economic, cultural, religious and social themes, it works its way forward through the pre-modern patterns of the 14th century to the Muslim empires that dominated in the 16th to early 18th centuries, and from the era of British supremacy to the formation of modern states, Arab nationalism and revolution. The motifs of geography, hierarchy and values are interwoven throughout the book as it examines important topics, including the influence of the Ottoman Empire, the rise of Arab dynasties, oil wealth and modern prosperity, and the formation of the Gulf States as we know them today. Commins goes on to examine recent American involvement in the region, taking examples of American intervention and influence from Kuwait and Iraq, to Iran, Saudi Arabia and Bahrain. Considering America's increasing hegemony since the 1970s, the book compares the American role in the region to that of the earlier British supremacy - crucially linking the financial burdens of American actions to the US future as regional hegemon. With the importance and impact of the Gulf States continuing to increase, and their futures the subject of much international speculation, this book is an invaluable source of information on the Gulf region's development, essential for students and researchers alike.

Muhammad Ali Jun 03 2021 A sweeping biography of one of the greatest and most provocative athletes of all time—"a life that needs to be understood whether you care a whit about boxing or not" (The Boston Globe). Athlete, activist, rebel, poet, legend—Muhammad Ali stood larger than life in the imagination of hundreds of millions of people around the world. A gold medalist at the 1960 Olympics, he won the heavyweight championship at age twenty-two by conquering Sonny Liston in dramatic fashion. In the weeks after the upset victory, he confirmed his membership in the Nation of Islam and told reporters he would no longer answer to his "slave name": Cassius Clay. The political establishment stripped him of his heavyweight title when he refused induction into the United States Army during the height of the war in Vietnam. Ultimately, Ali returned to reclaim his crown, prevailing in epic fights against the likes of Joe Frazier and George Foreman. His talent and charisma—and above all, his adherence to principle—made him a cultural icon and one of the most beloved sporting figures of all time. But that is only half the tale. Muhammad Ali: His Life and Times is also the story of Ali, the man. Author Thomas Hauser got closer to Ali than any previous biographer. His work—told in Ali's own words and those of hundreds of family members, friends, rivals, and others who interacted with "The Greatest"—reveals a deeply spiritual, complex man, whose public and private battles, including his struggle against the devastating effects of Parkinson's disease, gave new meaning to the word courage and changed forever our conception of what makes a champion. Heralded by the New York Times as "the first definitive biography of the boxer who transcended sports as no other athlete ever has," Muhammad Ali: His Life and Times is a must-read for anyone seeking to understand the legacy of one of the twentieth century's most charismatic and controversial superstars. This enhanced ebook includes rare video footage, audio clips, and photos authorized by Muhammad Ali Enterprises.

Escape from Qatar Jan 10 2022 All eyes are on Qatar for the 2022 FIFA World Cup. Having lived there for 5 years, I have presented the reality of the situation in Qatar with research and current examples. It is almost like an X-ray of Qatar. From the air to the water, from the way people are educated to the way they are cured. The story of a country that looks beautiful on the outside, but where deception is hiding just beneath the surface... a country that is ornate on the outside but rusty on the inside. The case of Qatar through personal experiences, research, and current examples... When you realize the true face of this flashy country that has spent more money on the FIFA 2022 World Cup than all the money spent to date, you will want to escape, hence the title 'Escape from Qatar.' This book is also a survival guide full of tips, -some sad, some funny, for those who want to visit or live in Qatar. From the pen of journalist, educator, and writer Atilla Yusuf Guleker, who has been declared the 'imam of Qatar' by the Turkish media...

Jassim the Leader Nov 27 2020 The Gulf state of Qatar tops the Forbes list of the world's richest countries. In 2010, the country had the world's highest GDP per capita, and its reserves of oil and natural gas are vast. It has been estimated that Qatar will invest more than \$120 billion in the energy sector over the next ten years. Yet Qatar has climbed to this pinnacle of wealth and influence in a remarkably short time, and from a starting point of obscurity and insignificance. This astonishing transition is the direct result of the efforts nearly 200 years ago of one visionary man - Jassim bin Muhammad Bin Thani, known as 'the Leader'. Qatar in the 1830s was a fragmented region, a desert peninsula without security or borders, where coastal communities depended on pearling for survival, while constantly at the mercy of tribal raiders. Jassim's background in this precarious environment led to his understanding that the gap between tribal settled peoples must be bridged, and then to his harnessing of regional conflicts to create a unified Qatari state. Skilfully allying with Ottoman forces to fend off the British, Jassim established power in the newly rebuilt capital, Doha, eventually becoming the first leader of the new country. Little known outside Qatar, Jassim's extraordinary achievement cannot be understated. By the time of his death on the eve of the First World War, both the Ottomans and the British had recognised Qatar's autonomy, and the way was open for the country he had created to move steadily forward to its enviable economic position today.

The Creation of Qatar Dec 21 2022 This book, first published in 1979, was the first political and social history of Qatar. Its main thrust is to provide the reader with a description and identification of the processes and forces that

have contributed to change and continuity in Qatari society. A concise and relevant history of the country from the latter part of the eighteenth century when the Utub settled Zubarah to the present day is provided. Emphasis is placed not only on Qatar's internal development, but also on its critical relationship with Bahrain and Saudi Arabia, its closest neighbours, and with Britain. The study then proceeds to determine the inner logic of the Qatari political and social structure, and how it has evolved over the years. It is shown how the same society that exhibited great fortitude in the face of economic and political hardship could have an equally great capacity to adapt to new levels of prosperity.

Qatar Aug 05 2021 This book provides comprehensive information on the geography, history, governmental structure, economy, cultural diversity, peoples, religion, and culture of Qatar. All books of the critically-acclaimed Cultures of the World(R) series ensure an immersive experience by offering vibrant photographs with descriptive nonfiction narratives, and interactive activities such as creating an authentic traditional dish from an easy-to-follow recipe. Copious maps and detailed timelines present the past and present of the country, while exploration of the art and architecture help your readers to understand why diversity is the spice of Life.

Media in Qatar Apr 13 2022

Bahrain, Qatar, and the United Arab Emirates: Colonial Past, Present Problems, and Future Prospects Nov 08 2021

Sport and Nationalism in Asia Jan 30 2021 Written by a team of international scholars, Sport and Nationalism in Asia - Power, Politics, and Identity is a collection of original research which addresses a number of issues central to notions of nationalism and identity in sport including: how the Olympics and other international and regional sports events have fostered an active interweaving of sport, politics and nationalism; the role of traditional sport in the building of national consciousness and national identity; the way modern sport creates and reflects nationalism, thereby giving it a voice and a focus. The book covers eight case studies on countries/regions across West Asia, Central Asia and East Asia. It is one of the few works that examines the relationships between sport, politics and nationalism from Asian perspective. This book was published as a special issue of the International Journal of the History of Sport.

Against All Enemies Sep 06 2021 Richard Clarke has been one of America's foremost experts on counterterrorism measures for more than two decades. He has served under four presidents from both parties, beginning in Ronald Reagan's State Department becoming America's first Counter-terrorism Czar under Bill Clinton and remaining for the first two years of George W. Bush's administration. He has seen every piece of intelligence on Al-Qaeda from the beginning; he was in the Situation Room on September 11th and he knows exactly what has taken place under the United State's new Department of Homeland Security. Through gripping, thriller-like scenes, he tells the full story for the first time and explains what the Bush Administration are doing.

Background Notes, Qatar Feb 28 2021

Saudi Arabia and the Gulf Arab States Today Oct 19 2022 This extremely timely and helpful ready reference will familiarize all students and readers with the Gulf region and Saudi Arabia, Bahrain, Dubai, the UAE, Kuwait, Oman, Yemen, and Qatar. These states are bound by the desert culture, the Gulf, new oil economy, and Islam, to name some commonalities. Most Americans know something about the region, such as oases, dates, camels, oil, Bedouin tribes, and the legends of Lawrence of Arabia to Osama bin Laden. Islamic concepts and practices are still unfamiliar. On one extreme, Saudi Arabia, the cradle of Islam, has been largely closed off to Western tourists. On the other extreme, Dubai courts tourist dollars as it constructs modern architectural showcases. This is the first A-Z encyclopedia to focus on the Gulf, illuminating the land, people, religion, culture and traditions, institutions, economy, and much more for general readers. The more than 200 essay entries have a current focus with historical context as necessary. The breadth of coverage means that this resource will be of use for a wide range of researchers and browsers. Besides individual entries on each state, major cities and regions are also profiled. The natural environment and human adaptation to it receives significant space. Islamic customs and rules and various interpretations are clearly explained. Essays on topics such as key public figures, institutions, major events, politics, and state structures--some based on sources often not available in English--make this two-volume set the first-choice resource for accurate information. Suggestions for further reading accompany most entries; a chronology, selected bibliography, and photos also complement the text.

Qatar Country Study Guide Volume 1 Strategic Information and Developments Jul 16 2022 Qatar Country Study Guide Volume 1 Strategic Information and Developments - Everything you need to know about the country - Geography, history, politics, economy, business, etc.

Qatar Aug 17 2022 In this groundbreaking history of modern Qatar, Allen J. Fromherz analyzes Qatar's crucial role in the Middle East and its growing regional influence within a broader historical context.

Qatar Jun 15 2022 Throughout history tiny Qatar (pronounced "cutter" or "gutter") has at times been overlooked or forgotten. Today, however, this small country, located on a peninsula that juts into the Arabian Gulf, has become an important strategic partner of the United States. In recent years Qatar has gained international stature in part because of its vast reserves of oil and natural gas. Since coming to power in 1995, Sheikh Hamad bin Khalifa al-Thani has made Qatar one of the more liberal Gulf states. Though the country is by no means a democracy in the Western sense, Qatar appears to be moving slowly in that direction. One day Qatar may provide a successful example of democracy for the Arab world. Discusses the geography, history, economy, government, religion, people, foreign relations, and communities of Qatar.

Artifacts and Allegiances Jul 04 2021 What can we learn about nationalism by looking at a country's cultural institutions? How do the history and culture of particular cities help explain how museums represent diversity? Artifacts and Allegiances takes us around the world to tell the compelling story of how museums today are making sense of immigration and globalization. Based on firsthand conversations with museum directors, curators, and policymakers; descriptions of current and future exhibitions; and inside stories about the famous paintings and iconic objects that define collections across the globe, this work provides a close-up view of how different kinds of institutions balance nationalism and cosmopolitanism. By comparing museums in Europe, the United States, Asia, and the Middle East, Peggy Levitt offers a fresh perspective on the role of the museum in shaping citizens. Taken together, these accounts tell the fascinating story of a sea change underway in the museum world at large.

Legal Development in Qatar Dec 17 2019

After the Sheikhs Sep 25 2020 The Gulf monarchies (Saudi Arabia and its five smaller neighbours: the United Arab Emirates, Kuwait, Qatar, Oman, and Bahrain) have long been governed by highly autocratic and seemingly anachronistic regimes. Yet despite bloody conflicts on their doorsteps, fast-growing populations, and powerful modernising and globalising forces impacting on their largely conservative societies, they have demonstrated remarkable resilience. Obituaries for these traditional monarchies have frequently been penned, but even now these absolutist, almost medieval, entities still appear to pose the same conundrum as before: in the wake of the 2011 Arab Spring and the fall of incumbent presidents in Egypt, Tunisia, and Libya, the apparently steadfast Gulf monarchies have, at first glance, re-affirmed their status as the Middle East's only real bastions of stability. In this book, however, noted Gulf expert Christopher Davidson contends that the collapse of these kings, emirs, and sultans is going to happen, and was always going to. While the revolutionary movements in North Africa, Syria, and Yemen will undeniably serve as important, if indirect, catalysts for the coming upheaval, many of the same socio-economic pressures that were building up in the Arab republics are now also very much present in the Gulf monarchies. It is now no longer a matter of if but when the West's steadfast allies fall. This is a bold claim to make but Davidson, who accurately forecast the economic turmoil that afflicted Dubai in 2009, has an enviable record in diagnosing social and political changes afoot in the region.
