**The Sands of Ammon** Feb 25 2023 Continuing the international bestselling saga of Alexander the Great, Valerio Massimo Manfredi's *The Sands of Ammon* brilliantly describes his quest to conquer Asia, the limitless domain ruled by the Great King of the Persians. In a seemingly impossible venture, the mighty Alexander and his men storm Persian fortresses and harbours, crippling King Darius's domain. Even the legendary Halicarnassus is defeated by the Macedonian armies. But there is danger ahead. The island city of Tyre and the towers of Gaza prove to be formidable obstacles. Embattled but undeterred, Alexander's army surges forth over land and sea to the mysterious deserts of Egypt. There, in the sands, lies the Oracle of Ammon, waiting to reveal an amazing truth to Alexander. One that will change his already astonishing life . . .

**Alexander the Great** Dec 11 2021 This exciting new volume includes a selection of the most significant and representative published articles and chapters about Alexander and covers all the main areas of debate and discussion in Alexander scholarship.

*Alexander: The Sands of Ammon* Jan 24 2023 The first vol. of Alexander describes how the combined discipline and passion of his parents formed the talented Alexander, then portrays the start of his great adventure to conquer the civilised world in ancient times.

Alexander Jul 26 2020 For nearly two and a half millennia, Alexander the Great has loomed over history as a legend—and an enigma. Wounded repeatedly but always triumphant in battle, he conquered most of the known world, only to die mysteriously at the age of thirty-two. In his day he was revered as a god; in our day he has been reviled as a mass murderer, a tyrant as brutal as Stalin or Hitler. Who was the man behind the mask of power? Why did Alexander embark on an unprecedented program of global domination? What accounted for his astonishing success on the battlefield? In this luminous new biography, the esteemed classical scholar and historian Guy MacLean Rogers sifts through thousands of years of history and myth to uncover the truth about this complex, ambiguous genius. Ascending to the throne of Macedonia after the assassination of his father, King Philip II, Alexander discovered while barely out of his teens that he had an extraordinary talent and a boundless appetite for military conquest. A virtuoso of violence, he was gifted with an uncanny ability to visualize how a battle would unfold, coupled with devastating decisiveness in the field. Granicus, Issos, Gaugamela, Hydaspes—as the victories mounted, Alexander's passion for conquest expanded from cities to countries to continents. When Persia, the greatest empire of his day, fell before him, he marched at once on India, intending to add it to his holdings. As Rogers shows, Alexander's military prowess only heightened his exuberant sexuality. Though his taste for multiple partners, both male and female, was tolerated, Alexander's relatively enlightened treatment of women was nothing short of revolutionary. He outlawed rape, he placed intelligent women in positions of authority, and he chose his wives from among the peoples he conquered. Indeed, as Rogers argues, Alexander's fascination with Persian culture, customs, and sexual practices may have led to his downfall, perhaps even to his death. Alexander emerges as a charismatic and surprisingly modern figure—neither a messiah nor a genocidal butcher but one of the most imaginative and daring military tacticians of all time. Balanced and authoritative, this brilliant portrait brings Alexander to life as a man, without diminishing the power of the legend.

*Alexander the Great* Aug 07 2021 King Alexander III 'the Great' of Macedon was one of the greatest military commanders the world has ever known. This book seeks to dispel some of the myths which have grown up around him and to provide an up-to-date account of his life. This includes the Macedonian background and Alexander's early years, his campaigns in Thrace and Illyria and

the destruction of Thebes, the invasion of the Persian Empire and the battles which led to its conquest, his expeditions to India and finally his death in Babylon. Dr Rice also assesses Alexander's personality, and provides a summary of his legacy to the western world.

**The Life and Exploits of Alexander the Great** Dec 19 2019

*Alexander and Ammon* Mar 02 2021

**Alexander the Great: Volume 1, Narrative** Oct 09 2021 Sir William Woodthorpe Tarn (1869-1957) was a British ancient historian who wrote numerous works on the Hellenistic world. Tarn's *Alexander the Great*, first published in two volumes during 1948, has become a classic text and its importance for subsequent Alexander studies can hardly be exaggerated. Based on a lifetime's work and elegantly and persuasively written, both volumes evoked immediate admiration - and very soon sharp reaction. Volume I presents a 'compendious' narrative of Alexander's life and achievements; volume II focuses on providing a detailed analysis of sources and discussion relating to key historical cruxes. This is a fascinating work that will be of value to anyone with an interest in the writings of Tarn, ancient history and Alexander the Great.

**The Landmark Arrian** Apr 03 2021 Arrian's *Campaigns of Alexander*, widely considered the most authoritative history of the brilliant leader's great conquests, is the latest addition to the acclaimed Landmark series. After twelve years of hard-fought campaigns, Alexander the Great controlled a vast empire that was bordered by the Adriatic sea to the west and modern-day India to the east. Arrian, himself a military commander, combines his firsthand experience of battle with material from Ptolemy's memoirs and other ancient sources to compose a singular portrait of Alexander. This vivid and engaging new translation of Arrian will fascinate readers who are interested in classical studies, the history of warfare, and the origins of East-West tensions still swirling in Iran, Iraq and Afghanistan today. Enriched by the series' trademark comprehensive maps, illustrations, and annotations, and with contributions from the preeminent classical scholars of today, *The Landmark Arrian: The Campaigns of Alexander* is the definitive edition of this essential work of ancient history.

**The Treasures of Alexander the Great** May 04 2021 War, the most profitable economic activity in the ancient world, transferred wealth from the vanquished to the victor. Invasions, sieges, massacres, annexations, and mass deportations all redistributed property with dramatic consequences for kings and commoners alike. No conqueror ever captured more people or property in so short a lifetime than Alexander the Great in the late fourth century BC. For all its savagery, the creation of Alexander's empire has generally been hailed as a positive economic event for all concerned. Even those harshly critical of Alexander today tend to praise his plundering of Persia as a means of liberating the moribund resources of the East. To test this popular interpretation, *The Treasures of Alexander the Great* investigates the kinds and quantities of treasure seized by the Macedonian king, from gold and silver to land and slaves. It reveals what became of the king's

wealth and what Alexander's redistribution of these vast resources can tell us about his much-disputed policies and personality. Though Alexander owed his vast fortune to war, battle also distracted him from competently managing his spoils and much was wasted, embezzled, deliberately destroyed, or idled unprofitably. The Treasures of Alexander the Great provides a long-overdue and accessible account of Alexander's wealth and its enormous impact on the ancient world.

*Alexander the Great: Volume 2, Sources and Studies* Apr 15 2022 Tarn's *Alexander the Great* has become a classic and its importance for subsequent Alexander studies can hardly be exaggerated.

*Anthology of Ancient Greek Popular Literature* Aug 27 2020 Not all readers in ancient Greece whiled away the hours with Homer, Plato, or Sophocles - at least, not always. Many enjoyed light reading, such as can be found in the pages of this lively anthology. Various types of popular writing - novels, short stories, books of jokes or fables, fortune-telling handbooks - trace their origins to the ancient Mediterranean. In fact, some of this literature was so successful that it remained in circulation for centuries, even into the Middle Ages. Translated into other languages, these works were the best sellers of their time and remain enjoyable reading today. They are also fascinating social documents that reveal much about the daily lives, humor, loves, anxieties, fantasies, values, and beliefs of ordinary men and women.

**Alexander The Great** Oct 17 2019 MURDER IN BABYLON is a real-life historical detective story: a true tale of murder and mystery that has remained untold for over two thousand years. Recreating the scene of the crime to reveal eight suspects, each with the motive and opportunity to have assassinated the king. Graham Phillips uncovers a maze of intrigue, power-play and romantic tragedy that led inevitably towards Alexander's death. Ultimately, in a dramatic twist in the tale, the murderer is finally unveiled.

**Alexander the Great** Sep 08 2021 Arrian's account of Alexander's life and campaigns, published as the *Anabasis* and its companion piece the *Indica*, is our prime source for the history of Alexander, told with great narrative skill. This edition features a new translation of both texts, introduction, notes, guide to military systems and terminology, maps and a full index.

*Alexander the Great, a Battle for Truth and Fiction* May 24 2020 Most of what we 'know' about Alexander the Great (356-323 BC) comes from the pages of much later historians, writing 300 years or more after these events. But these Roman-era writers drew on the accounts of earlier authors who were contemporary with Alexander, some of whom took part in the momentous events they described. David Grant examines the fragments of these earlier eyewitness testimonies which are preserved as undercurrents in the later works. He traces their influence and monopoly of the 'truth' and spotlights their manipulation of events to reveal how the Wars of the Successors shaped the agendas of these writers. It becomes clear that Alexander's courtiers were no-less ambitious than than their

king and wanted to showcase their role in the epic conquest of the Persian Empire to enhance their credibility and legitimacy in their own quests for power. In particular, Grant reveals why reports of the dying king's last wishes conflict, and he explains why testimony relegated to 'romance' may house credible grains of truth. The author also skillfully explains how manuscripts became further corrupted in their journey from the ancient world to the modern day. In summary, this work by a recognized expert on the period highlights why legacy of Alexander is built on very shaky foundations.

**On a Hieroglyphic Tablet of Alexander, son of Alexander the Great, recently discovered at Cairo ... Extracted from the Transactions of the Society of Biblical Archaeology** Jun 24 2020

*Alexander the Great and Persia* Jan 12 2022 Upon his return from India, Alexander the Great travelled to the Persian royal city of Pasargadae to pay homage at the tomb of King Cyrus, founder of the Achaemenid Persian Empire, whom he admired greatly. Disgusted to find Cyrus' tomb desecrated and looted, the Macedonian king had the tomb guards tortured, the Persian provincial governor executed and the tomb refurbished. This episode involving Cyrus' tomb serves as one of many case studies in Alexander's relationship with Persia. At times Alexander would behave pragmatically, sparing his defeated enemies and adopting Persian customs. Sisygambis, the mother of Persian King Darius III, allegedly came to view Alexander as a son and starved herself at the news of his demise. On other occasions he did not shy away from destruction (famously torching the palace at Persepolis) and cruelty, earning himself the nickname 'the accursed'. This conflicting nature gives Alexander a complex legacy in the Persian world. Joseph Stiles explores Alexander the Great's fascinating relationship with his 'spear-won' empire, disentangling the motives and influences behind his policies and actions as 'King of Asia'.

**Alexander: Child of a Dream** Jun 17 2022 First volume in a trilogy about Alexander the Great.

Alexander the Great Jul 18 2022 "Alexander the Great (356-323 BC), King of Macedonia lived a life of mythical proportions. He modelled himself on Achilles and slept with a copy of the Iliad, annotated by Aristotle, his teacher, under his pillow. Unrivaled by any historical military figure, he conquered the Mediterranean, Persia, Afghanistan, and northwest India during his brief life. By the time he died at the age of 33 he had introduced Greek civilisation to the world. A gifted strategist and self-proclaimed deity, Alexander was impetuous and merciless in warfare. He never lost a battle. Exhibiting conspicuous personal bravery, two millennia after his death he is still remembered as the greatest soldier of all time."--BOOK JACKET.

**The History of Alexander's Battles** Jun 05 2021

**Alexander** Sep 20 2022 Continuing the epic saga of Alexander the Great, *Alexander: The Sands of Ammon* brilliantly describes Alexander's quest to conquer Asia, the limitless domain ruled by the Great King of the Persians. In a

seemingly impossible venture, Alexander and his men storm Persian fortresses and harbours, crippling King Darius' domain of land and sea. Even the legendary Halicarnassus is defeated by the Macedonian armies. Ruthlessly, Alexander's war machine moves ever onward taking him up into the snow-covered Anatolian highlands. But there is danger ahead. Despite the defeat of Darius, the Island City of Tyre and the Towers of Gaza prove to be formidable obstacles.

Undeterred, Alexander surges forth over land and sea to the mysterious land of Egypt. And there, in the sands, lies the Oracle of Ammon, waiting to reveal an amazing truth to Alexander. One that will change his already amazing life.

Alexander the Great May 16 2022 "ALEXANDER THE GREAT opened a new era in the history of the world, and by his life's work determined its development for many centuries. He is conspicuous among the great men of history, because this work was accomplished in so short a span; when he died, he had not yet reached his thirty-third year. It was as a great conqueror that he impressed the popular imagination of every race. He subdued the East and penetrated into India, that land of wonders. The legend about him, equally current in East and West, took him to the limits of the earth and even to the gates of Paradise. The permanent result of his life, however, was not the empire which he won by hard fighting, but the development of Greek civilisation into a civilisation which was worldwide. It is in this way that his influence has affected the history of mankind even down to our own time. He had first to create his empire; the decision of the battlefield had, as usual, to produce the external conditions for the new civilisation." Originally published in 1932, Ulrich Wilcken's distinguished biography of Alexander the Great is widely regarded as a classic, perfectly capturing Alexander's true achievements and influence. Translated from German by G. C. Richards, Professor of Greek and Classical Literature at Oriel College, Oxford University.

*In the Footsteps of Alexander the Great* Sep 27 2020 The author follows Alexander the Great's 22,000 mile expedition from Greece to India, recreating the epic marches and battles.

*Alexander's Tomb* Nov 10 2021 Alexander the Great is a towering figure in world history, but despite our long-held fascination with him, his burial site is unknown. The search for Alexander's tomb began soon after his untimely death in 323 B.C. and continues even today. The epic pursuit of the tomb spans continents and centuries, and involves some of history's most iconic figures. This is the story not of a brief and spectacular life, but of a momentous and unexplained death, multiple burials, and the seemingly never-ending quest for a man-god's final resting place. Bringing together thousands of years of speculation, as well as new questions about the ramifications of actually solving the puzzle, Alexander's Tomb is a fascinating look at one of archaeology's greatest mysteries.

Alexander at the Oasis of Ammon Dec 23 2022

**Alexander the Great** Jul 06 2021 Alexander's legacy has had a major impact on military tacticians, scholars, statesmen, adventurers, authors, and filmmakers. Cartledge brilliantly evokes Alexander's remarkable political and military

accomplishments, cutting through the myths to show why he was such a great leader. He explores our endless fascination with Alexander and gives us insight into his charismatic leadership, his capacity for brutality, and his sophisticated grasp of international politics. Alexander the Great is an engaging portrait of a fascinating man, and a welcome balance to the myths, legends, and often skewed history that have obscured the real Alexander.

**Alexander of Macedon, 356-323 B.C.** Mar 14 2022 "Revised and enlarged"--T. p. verso. Originally published: Alexander the Great. London : Weidenfeld & Nicolson, 1970. Includes bibliographical references (p. [569]-585) and index.

Empire of Alexander the Great Nov 29 2020 This volume looks at what made Alexander a brilliant military tactician and a charismatic leader. It also explores what the Eastern world learned through contact with Alexander, and what Alexander brought to the West from the Persian Empire.

Alexander: Child of a Dream Aug 19 2022 Before his birth, omens foretold that Alexander, son of the warrior-king Philip of Macedonia, was destined for greatness. From boyhood, the prince was trained by the finest scholars and mightiest soldiers to attain extraordinary strength of body and spirit. A descendant of Heracles and Achilles, Alexander aimed to surpass his ancestors' heroism and honor, and his chosen companions strove to be worthy to share his godlike fate. Even as a youth, Alexander's deeds were unequalled. In a single day, he tamed the fierce steed Bucephalus. In his first battle, his troops defeated the invincible Sacred Band. And as he grew to manhood, surrounded by deadly plots and intrigue, his friends pledged to follow him to the ends of the world. With the support of that loyal group of men, Alexander's might would transform dreams of conquest into reality amid the fabled cities of Persia and the mysterious East...and his destiny would carry them all to glory.

*Alexander the Great in the Early Christian Tradition* Oct 29 2020 What has Alexander the Great to do with Jesus Christ? Or the legendary king's conquest of the Persian Empire (335–23 BCE) to do with the prophecies of the Old Testament? In many ways, the early Christian writings on Alexander and his legacy provide a lens through which it is possible to view the shaping of the literature and thought of the early church in the Greek East and the Latin West. This book articulates that fascinating discourse for the first time by focusing on the early Christian use of Alexander. Delving into an impressively deep pool of patristic literature written between 130–313 CE, Christian Thru Djurslev offers original interpretations of various important authors, from the learned lawyer Tertullian to the 'Christian Cicero' Lactantius, and from the apologist Tatian to the first church historian Eusebius. He demonstrates that the early Christian adaptations of the Alexandrian myths created a new tradition that has continued to develop and expand ever since. This innovative work of reception studies is important reading for all scholars of Alexander the Great and early church history.

The Life and Exploits of Alexander the Great Feb 19 2020

**The History of Alexander** Mar 22 2020 Alexander the Great (356-323 BC), who

led the Macedonian army to victory in Egypt, Syria, Persia and India, was perhaps the most successful conqueror the world has ever seen. Yet although no other individual has attracted so much speculation across the centuries, Alexander himself remains an enigma. Curtius' History offers a great deal of information unobtainable from other sources of the time. A compelling narrative of a turbulent era, the work recounts events on a heroic scale, detailing court intrigue, stirring speeches and brutal battles - among them, those of Macedonia's great war with Persia, which was to culminate in Alexander's final triumph over King Darius and the defeat of an ancient and mighty empire. It also provides by far the most plausible and haunting portrait of Alexander we possess: a brilliantly realized image of a man ruined by constant good fortune in his youth.

The Nature of Alexander Dec 31 2020 An "intriguing and invaluable" biography of Alexander the Great by the novelist whose fiction redefined Ancient Greece (The New York Times). Acclaimed writer Mary Renault is widely known for her provocative historical novels of Alexander the Great and his lovers. But she also authored this nonfiction classic, a fresh, illuminating look at a man whose legend has remained larger than life for more than two thousand years. From his dysfunctional family dynamics to his molding under Aristotle, from his shocking rise to power at age twenty to the staggering violence of his military campaigns, Renault is clear-eyed about Alexander's accomplishments and his flaws. Infectious in its enthusiasm, this is a penetrating study of an unrivaled conqueror, enduring icon, and fascinating man. Hailed as both "a splendid achievement in nonfiction" (The Plain Dealer) and "the perfect companion to her Alexander novels" (The Wall Street Journal), Renault's engrossing and accessible biography stands alone in the pantheon of Alexander the Great literature. This ebook features an illustrated biography of Mary Renault including rare images of the author.

**Alexander the Great** Nov 17 2019 Reissued to coincide with the release of Oliver Stone's epic movie on Alexander the Great (slated for fall 2004) and the Summer Olympics in Greece, Lewis Cummings's comprehensive and readable biography of Alexander the Great gives us the full portrait of this brilliant and tyrannical leader. A sagacious ruler and a volatile, often violent commander, a sensuous youth and a paradigm of chastity, Alexander the Great of Macedonia remains one of the most fascinating and contradictory figures in world history. Son of King Philip and the tempestuous Queen Olympia, educated by Aristotle himself, a swift succession of military victories gave him an empire that extended from Greece to India. From his first conquest in northern Greece at the age of sixteen, to a swift succession of victories over Macedonia, Egypt, Persia, and Asia, Alexander possessed almost inhuman energy and hubris that defied Zeus himself, until his death at the age of thirty-two. Alexander the Great is an epic history of a man who became one of the most heralded rulers and despised geniuses of all time.

The Sands of Ammon: Alexander Volume 2 Nov 22 2022 Continuing the epic

saga of Alexander the Great, *The Sands of Ammon* brilliantly describes Alexander's quest to conquer Asia, the limitless domain ruled by the Great King of the Persians. Alexander and his men storm Persian fortresses and harbours, crippling King Darius' domination of land and sea. Ruthlessly, Alexander's war machine moves ever onward taking him up into the snow-covered Anatolian highlands, and ever closer to his destiny. But there is much danger ahead. Despite the defeat of Darius, the Island City of Tyre and the Towers of Gaza prove to be formidable obstacles. Undeterred, Alexander surges forth over land and sea to the mysterious land of Egypt. And there, in the sands, lies the Oracle of Ammon, waiting to reveal an amazing truth to Alexander. One that will change his already amazing life.

**The Alexander Romance in Persia and the East** Feb 01 2021 Alexander the Great of Macedon was no stranger to controversy in his own time. Conqueror of the Greek states, of Egypt and of the Persian Empire as well as many of the principalities of the Indus Valley, he nevertheless became revered as well as vilified. Was he a simply a destroyer of the ancient civilizations and religions of these regions, or was he a hero of the Persian dynasties and of Islam? The conflicting views that were taken of him in the Middle East in his own time and the centuries that followed are still reflected in the tensions that exist between east and west today. The story of Alexander became the subject of legend in the medieval west, but was perhaps even more pervasive in the east. The Alexander Romance was translated into Syriac in the sixth century and may have become current in Persia as early as the third century AD. From these beginnings it reached into the Persian national epic, the *Shahnameh*, into Jewish traditions, and into the Quran and subsequent Arab romance. The papers in this volume all have the aim of deepening our understanding of this complex development. If we can understand better why Alexander is such an important figure in both east and west, we shall be a little closer to understanding what unites two often antipathetic worlds. This volume collects the papers delivered at the conference of the same title held at the University of Exeter from July 26-29 2010. More than half the papers were by invited speakers and were designed to provide a systematic view of the subject; the remainder were selected for their ability to carry research forward in an integrated way.

**From Alexander to Jesus** Feb 13 2022 Scholars have long recognized the relevance to Christianity of the many stories surrounding the life of Alexander the Great, who claimed to be the son of Zeus. But until now, no comprehensive effort has been made to connect the mythic life and career of Alexander to the stories about Jesus and to the earliest theology of the nascent Christian churches. Ory Amitay delves into a wide range of primary texts in Greek, Latin, and Hebrew to trace Alexander as a mythological figure, from his relationship to his ancestor and rival, Herakles, to the idea of his divinity as the son of a god. In compelling detail, Amitay illuminates both Alexander's links to Herakles and to two important and enduring ideas: that of divine sonship and that of reconciliation among peoples.

**Alexander the Great** Jan 20 2020 Everything we know about Alexander comes from ancient sources, which agree unanimously that he was extraordinary and greater than everyday mortals. From his birth into a hypercompetitive world of royal women through his training under the eyes and fists of stern soldiers and the piercing intellect of Aristotle; through friendships, rivalries, conquests and negotiations; through acts of generosity and acts of murder, this book explains who Alexander was, what motivated him, where he succeeded (in his own eyes) and where he failed, and how he believed that he earned a new 'mixed' nature combining the human and the divine. This book explains what made Alexander 'Great' according to the people and expectations of his time and place and rejects modern judgments asserted on the basis of an implicit moral superiority to antiquity.
